Chairman Rutledge called the regular session meeting of the Board of Trustees of the University of Arkansas to order at 1:28 p.m. on Tuesday, March 29, 2016, in Little Rock, Arkansas.

1. Adoption of Resolutions Welcoming Mrs. Kelly Eichler and Mr. Sheffield Nelson as New Board Members:

   Upon motion by Trustee Hyneman and second by Trustee Waldrip, the following resolutions were adopted by the Board:

   Mrs. Kelly Eichler
   WHEREAS, effective March 1, 2016, the Governor of the State of Arkansas appointed Mrs. Kelly Eichler of Little Rock, Arkansas, as a member of the Board of Trustees of the University of Arkansas;

   NOW, THEREFORE, BE IT RESOLVED THAT THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS having received official notification of the appointment of Mrs. Eichler as a member of the Board of Trustees welcomes and congratulates her upon the assumption of her trusteeship.

   Mr. Sheffield Nelson
   WHEREAS, effective March 1, 2016, the Governor of the State of Arkansas appointed Mr. Sheffield Nelson of Little Rock, Arkansas, as a member of the Board of Trustees of the University of Arkansas;

   NOW, THEREFORE, BE IT RESOLVED THAT THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS having received official notification of the appointment of Mr. Nelson as a member of the Board of Trustees welcomes and congratulates him upon the assumption of his trusteeship.

2. Approval of Minutes of Regular Meeting Held January 27-28, 2016 and Special Meeting Held February 15, 2016:

   Upon motion by Trustee Harriman and second by Trustee Hyneman, the minutes of the regular meeting held January 27-28, 2016 and Special Meeting held February 15, 2016 were approved.
Chairman Rutledge called on Trustee Gibson to convene the Joint Hospital Committee Meeting at 1:31 p.m. The Committee meeting concluded at 2:43 p.m. Chairman Rutledge called on Trustee Harriman to convene the Audit and Fiscal Responsibility Committee at 2:45 p.m., called on Trustee Goodson to convene Buildings and Grounds Committee at 3:15 p.m., called on Trustee Broughton to convene the Agriculture Committee at 4:09 p.m., and then called on Trustee Waldrip to convene the Distance Education and Technology Committee at 4:40 p.m. The March 29 meetings concluded at 4:45 p.m. Chairman Rutledge reconvened the Regular Session of the Board at 8:46 a.m. on Wednesday, March 30.

3. Report on Joint Hospital Committee Meeting Held March 29, 2016:

Joint Hospital Committee Chair Gibson reported on the meeting held March 29, 2016, which included the approval of the minutes of the previous meeting held November 19, 2015. Upon motion by Trustee Gibson and second by Trustee Hyneman, the following committee items were reported on and actions were approved by the full Board:

3.1 Approval of the Safety Management Report, UAMS:

Dr. Roxane Townsend presented the Safety Management Report for the period July - September 2015.

3.2 Review of the Institutional Compliance Report, UAMS:

Mr. Bob Bishop presented the UAMS Medical Center Institutional Compliance Report for July – December 2015.

3.3 Review of the Performance Improvement and Patient Safety Report, UAMS:

Dr. Chris Cargile reviewed the UAMS Medical Center Performance Improvement and Patient Safety report for the first quarter of 2016. UAMS continues to monitor national quality measures. The hospital underwent a mock Joint Commission survey in the fall of 2015. Teams are continuing to address the findings in preparation for another mock survey in the summer of 2016.

3.4 Review of UAMS Clinical Enterprise Key Indicators, UAMS:

Mr. Dan Riley reviewed UAMS Medical Center’s and Faculty Group Practice key workload indicators for the period ending January 2016.
3.5 Chancellor’s Update, UAMS:

Chancellor Dan Rahn presented an overview of budget preparations at UAMS for state fiscal year 2017. A budget deficit is anticipated despite the implementation of significant cost reduction strategies and patient care revenue enhancements.

The Chancellor also presented a preliminary plan to the Board to address the code issues in the Central Building and the construction of an administrative building that would house non-clinical employees that are currently housed in lease space throughout the city.

A question was asked by Trustee Goodson regarding the impact on UAMS if Arkansas Works is not passed and the state discontinues their Medicaid Expansion. Dr. Rahn informed the Board that the estimated impact to the Integrated Clinical Enterprise would result in a $65 million deficit for services delivered for which there would be no reimbursement.

3.6 Chief Executive Officer’s Update, UAMS:

Dr. Roxane Townsend answered questions regarding the key indicators specifically addressing volume growth and capacity. A brief overview was given to the Board regarding strategies to reclaim patient beds in the Central Building on floors 4 and 5. More detail was included in the Chancellor’s presentation. The Board Scorecard was reviewed and information shared regarding the physicians transparency initiative that is available because of the CG - CAHPS surveys being conducted in the outpatient clinics.

4. Report on Audit and Fiscal Responsibility Committee Meeting Held March 29, 2016 and Approval of Actions Taken:

Audit and Fiscal Responsibility Chair Harriman reported on the meeting held March 29, 2016, which included approval of the minutes of the meeting held January 27, 2016. Upon motion by Trustee Harriman and second by Trustee Gibson, the following committee items were reported on and approved by the full Board:

4.1 Approval of the External Audit Report for the year ended June 30, 2015 and the Independent Accountant’s Report on Applying Agreed-Upon Procedures with Management’s Response, dated February 28, 2015, for the Arkansas Alumni Association, Inc. performed by Frost, PLLC:
The Committee approved the External Audit Report and Agreed-Upon Procedures Report for the year ended June 30, 2015 prepared by Frost, PLLC for the Arkansas Alumni Association, Inc. with corresponding management response.

4.2 Approval for Deletion of Board Policy 825.1, Organized Alumni, and Approval of draft Board Policy 345.1, Alumni Associations:

The Committee reviewed and approved Board Policy 825.1, Organized Alumni, for deletion. Board Policy 345.1, Alumni Associations, was approved as the replacement policy, as follows.

BOARD POLICY
ALUMNI ASSOCIATIONS

I. Purpose:

Alumni associations can help connect alumni, friends, and students and promote the University. The purpose of this policy is to provide clear guidance for the operation of alumni associations supporting campuses of the University of Arkansas. The following provisions set forth a framework for vibrant, mutually supportive, and financially sound alumni associations.

II. Establishment of Alumni Associations: General Provisions:

A. Each campus may establish a single alumni association that is organized and operated for the sole purpose of providing service and support to its members, to the alumni of the campus, and to the University.

B. The campus alumni association will be an umbrella organization for all alumni. With the approval of the chancellor, or a designee, academic units of a campus, alumni chapters or affinity organizations, may form alumni groups under this umbrella. The alumni association will work with the campus administration to ensure that all such affiliates operate consistent with this policy and any administrative guidelines established by the campus.

C. Each campus alumni association and affiliate must receive official recognition from the chancellor of the campus. Official recognition establishes the privileges and responsibilities of the relationship between the alumni association and the campus, including use of the campus's name, facilities, and resources. Without such recognition, no group may (a) represent itself as raising funds or otherwise providing support on behalf of or for the benefit of the University, the campus, or any institutional unit...
thereof; (b) use the name of the University or any of its campuses, facilities, or programs either expressly or by implication in connection with such activities; or (c) use University facilities, equipment, or personnel in connection with such activities.

D. Each such campus alumni association may bear the name of the campus and may be organized and operated as (1) an association operating administratively as a unit of the campus; or (2) a separately incorporated tax-exempt entity under relevant provisions of state and federal tax law, and all operations will be in accordance with applicable campus policies, guidelines, and procedures.

III. Establishment of Separately Incorporated Alumni Associations:

A. If the campus elects a separately incorporated alumni association as a related entity under Board of Trustees Policy 340.1 to carry out the bulk of its alumni activities, the campus and the association will negotiate and maintain a written operating agreement, subject to periodic review and termination by the University. This agreement must include:

1. A description of the services and benefits the campus and the alumni association provide each other and arrangements for any payments to be made, including with respect to use of campus and alumni association property and facilities, computer networks, or employees.
2. A description of reporting relationships and appointing authority, including for any employees employed by both the alumni association and the campus and any employees employed by one entity with assigned duties and responsibilities to the other.
3. A description of the roles and responsibilities of the alumni association’s elected officers.
4. A description of the alumni association’s membership and officer selection process.
5. A provision mandating compliance with all NCAA rules pertaining to boosters, agents, fans, prospective students, and student-athletes.
6. A provision that addresses the alumni association’s ethical obligations to the University and its campuses, and that addresses conflicts of interest or potential conflicts of interest involving the institution and the alumni association’s officers or employees.
7. A provision governing the sharing of, access to, and non-disclosure of alumni information, data and other records relevant to the mission of the alumni association, including maintenance of data integrity for the university.
8. A process to ensure that the alumni association will solicit input from the campus before defining the major needs and priorities of the association.

9. A process to ensure editorial cooperation with the campus with respect to any publications of the alumni association, regardless of media.

10. A requirement to provide an annual financial statement in conformity with generally accepted accounting principles and have an audit conducted by a certified accounting firm in accordance with generally accepted auditing standards. The independent auditor may be appointed for no more than a five-year term, after which services must be re-solicited through a competitive procurement process.

11. A requirement that the books and records, financial condition, operating results and program activities of the alumni association are subject to periodic audit by the University.

12. A description of how membership dues, gifts, grants, donations and endowments are accepted and accounted for, including a description of the means and methods of cultivating, handling and soliciting potential donors and raising funds for the association or the University.

13. A provision requiring centralized alumni association control and monitoring of bank accounts and expenditures by affiliates.

14. Language requiring Board of Trustees approval to begin any formal fundraising campaign for new construction, major renovations, or building additions to association facilities.

15. A provision governing the licensing of University marks, logos and other intellectual property to the alumni association and the authorized use of such intellectual property.

16. A provision addressing liability and, to the extent determined necessary, the purchase and maintenance of liability insurance covering the officers and directors and activities of the alumni association.

17. A provision requiring that the assets of the alumni association must be irrevocably dedicated for the benefit of the University. In the event of an association’s dissolution, the assets of the group must be transferred to the University or the University of Arkansas Foundation for purposes consistent with the terms of the individual gifts and the purposes of the association.

B. Each incorporated alumni association is subject to all applicable state and federal laws governing non-profit organizations, including relevant reporting requirements.

C. Agreements between any alumni association and campus will be reviewed periodically, and updated as necessary. A copy of each agreement will be
4.3 Approval of Internal Audit Reports:

The Internal Audit Reports and corresponding management responses for the University of Arkansas at Pine Bluff School of Agriculture, Fisheries and Human Sciences Federal Grants (15-13) and Arkansas Agriculture Experiment Station Entomology Travel (16-02) audits were discussed and approved.

4.4 Approval of the Follow-up Report:

The Committee approved the Follow-up Report which consisted of eight internal audits, one NCAA Agreed-upon Procedures Report for UAPB and two external audit reports for UAMS for June 30, 2015. Of a total of 80 audit recommendations, 63 have been determined to be implemented with the remaining 17 recommendations in varying stages of implementation as of the report date.

4.5 Approval of the FY16 Risk Assessment:

The Strategic Risk Assessment Report, March 2016, was reviewed and approved by the Committee. This report will be utilized in the preparation of the Fiscal Year 2017 Risk Based Internal Audit Plan which will be presented for approval at the May 2016 meeting.

4.6 Approval of Revision to Board Policy 520.4, Registration Fees and Tuition for All Campuses:

The Committee discussed and approved an exception added to Board Policy 520.4, Registration Fees and Tuition for All Campuses, that addresses the approval of tuition and fees, for off-campus courses. The resolution approving the revision is as follows:

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT Board Policy 520.4, Registration Fees and Tuition for All Campuses, is hereby revised as follows:

BOARD POLICY 520.4

REGISTRATION FEES AND TUITION FOR ALL CAMPUSES

All tuition and fees will be approved by the Board of Trustees and fully documented in the minutes of the meetings at which such approval is granted, with the following exception.
An exception is granted for program-specific fees for credit offerings at off-campus sites that allow the President to approve, and subsequently report to the Board, the rate that shall be charged to participants.

March 30, 2016 (Revised)

5. **Report on Buildings and Grounds Committee Meeting Held March 29, 2016, and Approval of Actions Taken:**

Chair Goodson reported that the Buildings and Grounds Committee met on March 29, 2016 and moved that the actions of the Committee be approved by the Board; Trustee Harriman seconded the motion, and the following resolutions were adopted:

8. Adoption of Resolutions of Appreciation for Former Trustees Jane Rogers and Jim von Gremp:

Chairman Rutledge presented Resolutions of Appreciation for former Trustees Jane Rogers and Jim von Gremp for approval. Upon motion by Trustee Hyneman and second by Trustee Waldrip, the following resolutions were approved:
Jane Rogers Trustee Emeritus Resolution

WHEREAS, Mrs. Jane Rogers of Little Rock served as a member of the Board of Trustees of the University of Arkansas from March 10, 2003 to March 1, 2016, having originally been appointed to fill the remainder of the term of Trustee Frances Cranford; and

WHEREAS, Mrs. Rogers was a graduate of the University of Arkansas, Fayetteville; and

WHEREAS, Mrs. Rogers served in many significant offices of the Board, culminating with her service as Chairperson from March 1, 2013 through February 28, 2014; and

WHEREAS, Mrs. Rogers was the first female Chair in the history of the Board; and

WHEREAS, prior to her service on the Board, Mrs. Rogers was Director of the Department of Arkansas Heritage and also served previously as Executive Director of Riverfest, Inc. and the Little Rock Arts and Humanities Promotion Commission; and

WHEREAS, Mrs. Rogers was a member of Chi Omega sorority and throughout her service on the Board she exhibited an interest in the fraternity and sorority system at the University of Arkansas, Fayetteville, and its importance to the campus community; and

WHEREAS, the membership of Mrs. Rogers on the Board was characterized by sincere interest in the welfare of the students of the University and of financial accountability by the University and its administrators;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board acknowledges the expiration of the term of office of Mrs. Jane Rogers on March 1, 2016, and expresses to her a sincere appreciation for her dedicated service and her continued friendship.

BE IT FURTHER RESOLVED THAT the Board hereby bestows upon Mrs. Rogers the rank of Trustee Emeritus and that the Secretary of the Board is hereby directed to spread this resolution on the minutes of this meeting and to transmit copy of this resolution to Mrs. Rogers.

Jim von Gremp Trustee Emeritus Resolution

WHEREAS, Mr. Jim von Gremp of Rogers served a term as a member of the Board of Trustees from March 2, 2005 to March 1, 2015 and was reappointed for a subsequent term; and
WHEREAS, Mr. von Gremp resigned from the Board of Trustees effective February 29, 2016, in order to assume a position to which he was appointed by the Governor to the Arkansas Higher Education Coordinating Board; and

WHEREAS, during his tenure on the Board of Trustees, Mr. von Gremp served as an active and significant member on numerous committees of the Board and he was elected and served as Chairman of the Board from March 1, 2014 through February 28, 2015; and

WHEREAS, throughout his service, Mr. von Gremp focused the efforts of the University on improving retention and graduation rates, a major component of the University of Arkansas System’s strategic plan; and

WHEREAS, Mr. von Gremp exhibited thorough interest in and dedication to the various campuses of the University working together as a system in matters such as procurement and information technology; and

WHEREAS, throughout his service on the Board, Mr. von Gremp showed a passion for improving higher education delivery, promoting student success and finding efficiencies in institutional operations; and

WHEREAS, although sad to lose the services of Jim as a member of the Board of Trustees, the Board is pleased that Jim’s dedication to higher education will continue to be carried out through his service on the Arkansas Higher Education Coordinating Board;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board acknowledges the resignation of Jim von Gremp as a member of the Board of Trustees effective February 29, 2016, and expresses to him its sincere appreciation for his dedicated service and his continued friendship.

11. Campus Report: Dean James L. “Skip” Rutherford, Clinton School of Public Service:

Dean James L. “Skip” Rutherford reported to the Board that the University of Arkansas Clinton School is the nation's first to offer a Master of Public Service (MPS) Degree. The Clinton School's "leadership through civic engagement" model differs from more traditional graduate programs because a significant portion of its academic curriculum is direct field service work; team-based, international and individual. Concurrent degrees are also offered in law (UALR William H. Bowen School); business administration (University of Arkansas Sam M. Walton College); and public health (UAMS Fay W. Boozman School). The Clinton School's curriculum is enhanced with a speaker series that attracts national and international leaders. This series is free and open to the public. Dean Rutherford acknowledged the following students who addressed the Trustees at a dinner held at the Clinton School of Public Service the prior evening: Jennifer Guzman, a graduate of UALR; Austin Harrison, a graduate of the University of Mississippi and a concurrent Bowen law student; and 2015 Clinton School graduate Brandon Mathews who completed his undergraduate work at the University of Arkansas.
12. Chairman’s Report: Reynie Rutledge, Board of Trustees, University of Arkansas:

Chairman Rutledge acknowledged the challenges currently being experienced by UAMS and praised the campus for all the great accomplishments made in spite of those challenges.

13. President’s Report: Donald R. Bobbitt, University of Arkansas System:

President Donald Bobbitt updated the Board on discussions that have taken place regarding the challenges and opportunities faced at Pulaski Technical College, Rich Mountain Community College and the University of Arkansas System. On the financial front, there is prolonged stagnant or declining public funding for higher education at both the state and federal levels. We are facing an environment in which public investment in higher education will remain on the decline and tuition cannot continue to increase or students will be priced out of an education.

Dr. Bobbitt reported that the first system-wide contract with Blackboard had been signed. Significant cost savings across the system were realized and made more Blackboard services available to all our campuses. We also recently signed with Civitas Learning, a higher education data analytics company, and we are in the process of bringing in a consultant for Enterprise Resource Planning (ERP) to look at our business software programs across the system. They will recommend ways to better integrate software and leverage collective purchasing power to modernize our operations.

President Bobbitt concluded his report by complimenting the Chancellors, Directors, Faculty and staff of the campuses for their exceptional leadership and long hours of hard work.

14. Approval of Proposals to Add Three New Programs, UAF:

36. Adoption of new Board Policy 280.1, Information Technology Accessibility, UAS:

Upon motion by Trustee Goodson and second by Trustee Hyneman, the following resolution was adopted to reflect the University’s commitment to complying with state and federal law regarding information technology accessibility:
BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT Board Policy 280.1, Information Technology Accessibility, is hereby adopted as follows:

BOARD POLICY

INFORMATION TECHNOLOGY ACCESSIBILITY

I. Purpose:

A. The University of Arkansas System is committed to ensuring equal access to all programs, services, and activities provided through information technology.

B. This policy is intended to assist all campuses, or divisions and units in implementing practices that comply with state and federal accessibility standards, including the Americans with Disabilities Act, Section 508 of the Rehabilitation Act, and the Arkansas Technology Access for the Blind Act. The University believes that compliance with these laws furthers its mission to effectively communicate and provide educational and research-based information to students, faculty, staff, administrators, and the people of Arkansas.

II. Establishment of Policies and Procedures:

Each campus or division or unit in the University of Arkansas System shall develop policies and procedures to ensure compliance with the requirements of applicable state and federal laws and regulations on accessibility, including the Americans with Disabilities Act, Section 508 of the Rehabilitation Act, and the Arkansas Technology Access for the Blind Act (ATABA), Ark. Code Ann. § 25-26-201 et seq. Each campus shall undertake reasonable efforts to do the following:
A. Make websites, web-based applications (including mobile applications), educational collaboration tools, and other information technology accessible to students, faculty, staff, and participants in University programs and activities;

B. Require all academic and administrative units that create, edit, or maintain websites, web-based content, and web-based applications used in the University's programs and activities to undertake reasonable efforts to ensure that websites and web-based applications conform to the most recent Worldwide Web Consortium Content Accessibility Guidelines (WCAG). In circumstances in which conformance with WCAG standards is not feasible, content and functionality shall be made available to users upon request (such as by a request to the Student Disability Office);

C. Instruct all persons involved in the procurement, preparation, and maintenance of University websites, web-based content, web-based applications, and other information technology to adopt this goal and, where necessary, seek the assistance of campus resources that support online accessibility; and

D. Require that all purchases of information technology comply with state and federal law, including inclusion of a technology access clause developed pursuant to that statute.

III. Review and Approval of Policies and Procedures by the Office of General Counsel

All Information Technology Accessibility policies and procedures must be reviewed and approved by the Office of General Counsel prior to their implementation by each campus, division or unit.

March 30, 2016

37. Approval of Revisions to Board Policies and Adoption of New Board Policies in Conjunction with the General Counsel’s Administrative Memorandum Review Project, UASYS:

As a part of an ongoing review of University policies, the Office of the General Counsel has reviewed the Administrative Memorandums, which have historically been issued by the President’s Office to provide guidance and direction to the campuses and units on certain administrative subjects. As part of streamlining these memorandums, it was determined that some should be transitioned into new or existing Board of Trustees’ Policies. The campuses were apprised of the review, and given the opportunity to provide feedback on the proposed changes. Upon motion of Trustee Waldrip and second by Trustee Nelson, the following resolution was adopted:
BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the following Board Policies are hereby revised and/or adopted as presented:

- 100.7, Use of University Name and Trademarks, revised to include guidelines on the use of the university name and seal that were previously addressed in Administrative Memorandums. It has also been revised to include a provision relating to the use of all other University trademarks.
- 215.1, Service on Boards of Financial Institutions, revised to include a deadline for university officials to disclose corporate positions held.
- 450.1, Outside Employment of Faculty and Non-Classified Staff Members for Compensation; Concurrent Employment, revised to include provisions and guidelines for employees regarding outside employment that were previously addressed in an Administrative Memorandum.
- 465.1, Political Activity, updated to include guidelines for employees engaged in political activity and to reference applicable Arkansas law related to public employees engaging in political activity.
- 505.4, Posthumous Degrees, new Policy establishing guidelines for campuses to award posthumous degrees.
- 505.6, Withholding of Diplomas, Transcripts and Registration, new Policy establishing circumstances when campuses may withhold diplomas, transcripts or registration from students and former students.

38. **President’s Report of Police Authority Granted:**

Since the President’s Report to the Board on January 28, 2016, police authority has been granted to Officers Jacob N. Davidson, Michael A. Siler, Ethan Williams, Chief Robert Barrentine and Scott R. Johnson at UAMS and to Officers Justin Pool, Anthony D. Washington and David Walker at UAPB.

39. **Unanimous Consent Agenda:**

Chairman Rutledge presented the Unanimous Consent Agenda. He stated that items on this agenda are ones in which the Board has traditionally been in unanimous agreement. Upon motion by Trustee Gibson and second by Trustee Hyneman, the following resolutions were adopted:

39.1 **Sorrow Resolution for Dr. David L. Kreider, UAF:**

WHEREAS, Dr. David L. Kreider, Jr., 67, of Springdale, Arkansas, retired Professor of the Department of Animal Science, died January 23, 2016; and

WHEREAS, Dr. Kreider, earned both his B.S. and Ph.D. degrees from the University of Arkansas; and

WHEREAS, Dr. Kreider, during his more than 40-year career, served the University of Arkansas as a Lab Technician, Graduate Research Assistant, Research Assistant, Research Associate, Assistant Professor and Associate Professor; and

WHEREAS, Dr. Kreider chaired or served on many departmental and university committees; he served as editor of Arkansas Animal Science, and had over 90 scientific and producer-oriented research publications; and

WHEREAS, Dr. Kreider was the Coordinator of Graduate Admissions for several years; he mentored graduate and undergraduate students in addition to honors students; he impacted the education of students whether he was their mentor, committee member, or teacher; and

WHEREAS, Dr. Kreider taught a broad range of undergraduate and graduate courses over his career, including applications of microcomputers, neuroendocrine and cardiovascular physiology, endocrine physiology, reproductive physiology, agricultural issues, advanced laboratory methods, cow-calf management, and stocker and feedlot management; and
WHEREAS, Dr. Kreider had broad knowledge and expertise in a number of areas, including computer applications and network management, radioimmunoassay and enzyme linked assay, radiation safety, molecular biology techniques, reproductive physiology, endocrine physiology, and beef cattle management;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board expresses its appreciation for Dr. Kreider’s contributions and long service to the University of Arkansas and expresses condolences to his family.

FURTHERMORE, the Board of Trustees directs that this resolution shall be spread upon the minutes of this meeting, and a copy shall be provided to Dr. Kreider’s wife, Mrs. Marla Kreider.

39.2 Sorrow Resolution for Dr. Tom Bruce, UAMS:

WHEREAS, Thomas Allen Bruce, M.D., who was born Dec. 22, 1930, and died March 4, 2016, spent a lifetime in service to the state as a leader in education and medicine, leaving a lasting impact on public health and public service in Arkansas; and

WHEREAS, the Mountain Home native attended the University of Arkansas, Fayetteville, and the University of Arkansas for Medical Sciences (UAMS), graduating from UAMS in 1955 with two degrees — a Bachelor of Science in Management and Doctor of Medicine; and

WHEREAS, Dr. Bruce underwent extensive training with residencies in New York at Bellevue Hospital, II Medical (Cornell) Division, and Memorial Center for Cancer and Allied Diseases, and at Parkland Memorial Hospital in Texas and fellowships at the University of Texas Southwestern Medical School and the University of London, England; and

WHEREAS, he served on the faculty at Wayne State University’s School of Medicine and at the University of Oklahoma Health Sciences Center before returning to Arkansas in 1974; and

WHEREAS, Dr. Bruce served at UAMS as dean of the College of Medicine from 1974-1985 during which time he enacted comprehensive measures to enhance education and expand primary care training to address physician shortages in rural Arkansas, helped establish UAMS’ regional centers around the state to improve access to health care for all Arkansans, worked to enhance clinical programs and doubled the number of full-time faculty; and
WHEREAS, he served as program director for the W.K. Kellogg Foundation in Battle Creek, Michigan, earning the nickname, “father of community-based public health,” as he directed projects in health, leadership and rural development around the world, a position from which he retired in 1997; and

WHEREAS, Dr. Bruce again returned to Arkansas, where his passion for improving the health of Arkansans would lead him to help found the UAMS Fay W. Boozman College of Public Health and serve as its inaugural dean from 2001-2002; and

WHEREAS, his commitment to public service continued as he helped to establish the University of Arkansas Clinton School of Public Service, where he served as dean pro tem in 2003-2004 and associate dean for academic affairs until 2007; and

WHEREAS, Dr. Bruce assisted national health care organizations by sitting on their boards and councils, including the Robert Wood Johnson Foundation, the March of Dimes, the Association of American Medical Colleges, and in Arkansas served on the boards of The Watershed Foundation, Heifer Project International, the Governor’s Health Roundtable, Wildwood Park for the Arts, Garvan Woodland Gardens and the Arkansas Genealogical Society; and

WHEREAS, Dr. Bruce has been lauded by numerous groups and organizations, including an honored marker on the Arkansas Civil Rights Heritage Trail for his dedication to promoting access to quality health care for minorities and all underserved populations, the Just Communities of Arkansas Humanitarian Award, induction into the UAMS College of Medicine Hall of Fame, the Arkansas House of Representatives recognizing “his work in establishing the University of Arkansas Clinton School of Public Service,” a Lifetime Achievement Award from the Arkansas Medical Society, a Visionary Public Health Award from the Arkansas Minority Health Commission, the Dr. David E. Bourne Award from the Arkansas Department of Health that recognizes “public health policy achievement,” and a Lifetime Achievement Award from the National Medical Fellowships; and

WHEREAS, Dr. Bruce generously gave to UAMS, donating funds to construct a fountain in front of the hospital in honor of his late wife, Dolores, and to endow the Robert C. Walls Endowed Professorship in the Department of Biostatistics; and

WHEREAS, Dr. Bruce’s impact on UAMS and health care in Arkansas was immeasurable and will be immortalized through the Thomas A. Bruce, M.D., Endowment in Public Health and Public Service in the College of Public Health; and
WHEREAS, Dr. Bruce shall be remembered as a loving husband and father who leaves behind a lasting legacy of selflessness and generosity;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board expresses its greatest appreciation for Thomas Allen Bruce and for his generous, influential and enduring efforts on behalf of Arkansas and the University of Arkansas system during his lifetime.

BE IT FURTHER RESOLVED THAT the Board of Trustees expresses its sincere condolences to the family and friends of Dr. Bruce.

FURTHERMORE, BE IT RESOLVED THAT the Board of Trustees directs that this resolution be spread upon the minutes of this meeting and copies of it provided to Dr. Bruce’s children, Thomas K.M. Bruce and Dana Bruce Thomas.

39.3 Sorrow Resolution for Ben Fry, UALR:

WHEREAS, Ben Fry, 54, of Little Rock, Arkansas, General Manager of the University of Arkansas at Little Rock’s public radio station KUAR/KLRE, died March 9, 2016; and

WHEREAS, Mr. Fry, earned a bachelor’s degree in communications and a master’s degree in journalism from the University of Arkansas at Little Rock; and

WHEREAS, Mr. Fry began his broadcasting career in his hometown of Wynne, Arkansas where he began working weekends at the local radio station while he was still in high school; and

WHEREAS, Mr. Fry came to Little Rock in 1980 and enrolled at the University of Arkansas at Little Rock and worked part-time at commercial radio station KARN as an announcer where he wrote more than 3,000 commercials; and

WHEREAS, Mr. Fry, during his 28-year career at the University of Arkansas at Little Rock, served as an Adjunct Instructor in the School of Mass Communication, KUAR/KLRE News and Information Director, Program Director, and, in 1995 became General Manager; and

WHEREAS, Mr. Fry was instrumental in offering listeners numerous high-quality local programs in addition to the well-known national public radio programs of NPR; and

WHEREAS, during his time as General Manager, public radio in central Arkansas has become one of the best in the nation; and
WHEREAS, Mr. Fry made many presentations about motion pictures, as well as wrote several articles for the Encyclopedia of Arkansas about the history of film in Arkansas; and

WHEREAS, Mr. Fry also hosted “Home Fry-ed Movies”, a movie show on the University of Arkansas at Little Rock’s University Television channel, and, since 2010, also maintained a popular blog related to the show; and

WHEREAS, Mr. Fry was a well-respected and knowledgeable statewide expert in radio, television, and film;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board expresses its appreciation for Mr. Fry’s contributions and service to the University of Arkansas at Little Rock and expresses condolences to his family.

FURTHERMORE, the Board of Trustees directs that this resolution shall be spread upon the minutes of this meeting, and a copy shall be provided to Mr. Fry’s wife, Mrs. Karen Fry.

40. Executive Session:

Upon motion by Trustee Broughton and second by Trustee Gibson, the Board voted to convene into Executive Session at 11:04 a.m. for the purpose of considering appointments to the UACCCM Board of Visitors and the UAMS Medical and AHEC staffs; the granting of emeritus status; the report of tenure awarded; the approval of early retirement agreements, salaries in excess of the line item maximum, honorary degrees and other significant awards; and the employment, appointment, promotion, demotion, disciplining or resignation of public officers or employees for the various campuses of the University of Arkansas System. 40.4 Approval of Early Retirement Agreement for Dr. Donald M. Mock, UAMS:

Upon motion by Trustee Harriman and second by Trustee Nelson, the following resolution was adopted:

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the early retirement of Donald M. Mock, M.D., Professor of Biochemistry in the College of Medicine, University of Arkansas Medical Sciences, is hereby approved.

BE IT FURTHER RESOLVED THAT Dr. Mock must resign his position effective no later than March 31, 2016, and relinquish all tenure rights, and will be placed on a part-time, non-tenured appointment effective April 1, 2016, with the following conditions:
1. He will reduce his work hours to 12.4 hours per week or less, equivalent to thirty-one (31) percent time or less, effective April 1, 2016.

2. He will remain subject to all applicable University policies and procedures from the date of this Agreement and during his part-time appointment.

3. He will completely retire within five (5) years, no later than March 31, 2021.

In consideration thereof, the University of Arkansas for Medical Sciences will provide the following for the benefit of Dr. Mock:

1) Pay Dr. Mock a total stipend of $131,500 with no work required, in one payment in June 2016.
   a. From the stipend payment, the following will be withheld: state and federal income taxes according to AR4EC and W4 forms and FICA/Medicare tax, as applicable.
   b. In the event of Dr. Mock’s death prior to the stipend of $131,500 being fully paid, the remainder of the payments shall be made to the personal representative of Dr. Mock’s estate in lump sum.

2) Pay the full cost (employee and employer contributions) of The University of Arkansas Medical Benefit Plan and/or The University of Arkansas System UHC MAPD PPO or such other medical benefit plan the University may sponsor, up to but not exceeding $56,000 for Dr. Mock and his wife, Rebecca Mock, from Dr. Mock’s retirement through the date this pool is exhausted, with the following additional conditions:
   a. Dr. Mock will be responsible for any insurance premium costs of the University of Arkansas Medical Benefit Plan that exceed $56,000.
   b. The $56,000 will function as a pool of funds available for medical insurance premiums. These funds may not be converted to cash. Should Dr. Mock choose to adjust his medical insurance to a more or less expensive plan, coverage will be extended until the $56,000 pool is exhausted. Should Dr. Mock leave the medical plan, by choice, before the pool is exhausted, any balance in the pool will return to UAMS. Should Dr. Mock die before the pool is exhausted, his wife, Rebecca Mock, will be given the option to continue the coverage until the pool is exhausted as long as Ms. Mock does not remarry. If Ms. Mock decides
not to continue the coverage or she remarries, any balance in the pool will return to UAMS.

c. At such time that the $56,000 pool is exhausted, Dr. Mock will assume direct responsibility for the full cost of the Medical Benefit Plan, should he choose to continue it.

d. If the University ceases to offer Dr. Mock retiree health insurance at any time prior to the pool of funds being exhausted, any amounts remaining will be distributed to Dr. Mock as a stipend, less withholding for applicable state, federal and FICA/Medicare taxes, if applicable.

3) Pay the full cost (employer and employee contributions) of the University of Arkansas Dental Benefit Plan or such other dental benefit plan the University may sponsor, up to but not exceeding $4,500, for coverage for Dr. Mock and his wife, Rebecca Mock, from Dr. Mock’s retirement through the date this pool is exhausted, with the following additional conditions:

a. Dr. Mock will be responsible for any insurance premium costs of the University of Arkansas Dental Benefit Plan that exceed $4,500.

b. The $4,500 will function as a pool of funds available for dental insurance premiums. These funds may not be converted to cash. Should Dr. Mock choose to adjust his dental insurance to a more or less expensive plan, coverage will be extended until the $4,500 pool is exhausted. Should Dr. Mock leave the dental plan, by choice, before the pool is exhausted, any balance in the pool will return to UAMS. Should Dr. Mock die before the pool is exhausted, his wife, Rebecca Mock, will be given the option to continue the coverage until the pool is exhausted as long as Ms. Mock does not remarry. If Ms. Mock decides not to continue the coverage or she remarries, any balance in the pool will return to UAMS.

c. At such time that the $4,500 pool is exhausted, Dr. Mock will assume direct responsibility for the full cost of the Dental Benefit, should he choose to continue it.

d. If the University ceases to offer Dr. Mock retiree dental insurance at any time prior to the pool of funds being exhausted, any amounts remaining will be distributed to Dr. Mock as a stipend, less withholding for applicable state, federal and FICA/Medicare taxes, if applicable.
BE IT FURTHER RESOLVED THAT Dr. Mock be provided a period of at least seven (7) days following execution of the Early Retirement Agreement by the Chairman of the Board within which to revoke the agreement as required by applicable law.

40.5 Approval of a Nominee for the Chancellor’s Award for the May 2016 Commencement, UAMS:

Upon motion by Trustee Hyneman and second by Trustee Broughton, the nominee recommended to receive the Chancellor’s Award from the University of Arkansas for Medical Sciences was approved. The name of the nominee will not be made public until after the individual has been contacted and agrees to accept the award.

40.6 Approval of a Nominee for an Honorary Degree for the May 2016 Commencement, UAM:

Upon motion by Trustee Gibson and second by Trustee Eichler, a nominee recommended to receive an honorary degree from the University of Arkansas at Monticello for the May 2016 commencement was approved. The name of the nominee will not be made public until after the individual has been contacted and agreed to accept the award.

40.7 Approval of Appointment of Ms. Paulette Smith to the Board of Visitors, UACCM:

Upon motion by Trustee Gibson and second by Trustee Nelson, the following resolution was adopted:

WHEREAS, the Merger Agreement by and between the University of Arkansas Community College at Morrilton and the Board of Trustees of the University of Arkansas provided for the establishment of a “Board of Visitors” having certain responsibilities;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT Paulette Smith is hereby appointed to membership on the Board of Visitors of the University of Arkansas Community College at Morrilton for a term expiring June 30, 2019.

40.8 Approval of Recommendations for Emeritus Status and Promotions, and the Report of Tenure Awarded, All Campuses and Units:

CONSIDERATION OF REQUEST FOR PROJECT APPROVAL FOR THE UTILITIES SYSTEM OPTIMIZATION ENERGY SAVINGS PERFORMANCE CONTRACT (ESPC) PROJECT, UAF (ACTION)

TO MEMBERS OF THE BUILDINGS
AND GROUNDS COMMITTEE:
Mr. John Goodson, Chair
Mr. Morril Harriman

Mr. David Pryor
Mr. Mark Waldrip
Board Chair Reynie Rutledge, Ex-Officio

Dear Committee Members:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, requests project approval for the Utilities System Optimization Energy Savings Performance Contract (ESPC) Project, which will amend the existing ESPC Guarantee in force since 2009. The Capital Project Proposal Form is attached for your information.

The University central steam plant has had major capital upgrades over the last decade replacing all significant heating production assets. The plant is ready to support the campus for the next 50 years. This work was accomplished through the following two major capital projects, both of which were funded without additional external capital:

- *Central Steam Plant Efficiency and Energy Conservation Improvements* - ESPC approved November 2006;
- *Combined Heat and Power* - internally funded project approved February 2013.

The function of this project is to increase the savings generated by the interaction of the two above projects through operational optimization using advanced process control methodologies. The additional savings generated from the modification to the existing central steam plant performance contract executed in Phase 1 will be used to finance the upgrade of the north chilled water plant, which is the last remaining production facility in need of capital renewal.

A resolution is attached for your consideration. I recommend its approval.

Sincerely,

Donald R. Bobbitt
President

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS
THAT the Utilities System Optimization Energy Savings Performance Contract Project at the
University of Arkansas, Fayetteville, is hereby approved.
CAPITAL PROJECT PROPOSAL FORM

Campus—FAYETTEVILLE

Name of Proposed Facility—CENTRAL STEAM PLANT

EFFICIENCY AND ENERGY CONSERVATION IMPROVEMENTS: PHASE 2

1. Project Function
   The university central steam plant has had major capital upgrades over the last decade that have replaced all significant heating production assets. The plant is ready to support the campus for the next 50 years. This work was accomplished through two major capital projects, both of which were funded without additional external capital by using existing budgeted avoided utility costs:

   Central Steam Plant Efficiency and Energy Conservation Improvements – This Energy Savings Performance Contract (ESPC) received BOT approval in November 2006.

   Combined Heat and Power – This internally funded project received BOT approval in February 2013.

   The function of the proposed project is to increase the savings generated by the interaction of the two above projects through operational optimization using advanced process control methodologies. The additional savings generated from the modification to the existing central steam plant performance contract executed in Phase 1 will be used to finance the upgrade of the north chilled water plant, which is the last remaining production facility in need of capital renewal.

2. Facility Location & Description
   Originally constructed in 1956, the University of Arkansas steam plant is located at 845 West Dickson Street, in the southeast area of the main campus. The facility is constructed with masonry structural walls, steel frame interior supports and lightweight bar joist deck.

   The north chilled water plant was constructed concurrently with the John Tyson Center for Excellence in Poultry Science in 1994. It currently houses a 1,200 ton chiller of the same age. The building is a steel frame with brick and block veneer walls, and lightweight bar joist deck.

3. Total Project Cost
   The budgeted total project cost of this stand-alone project is estimated between $6.5 million and $8.5 million. As explained below in item five (5), one of the first project activities will be to finalize the associated cost estimate so that the revised performance contract pro forma can be validated against the project financial performance criteria.

4. Parking Plan to Support New or Expanded Facility
   This project does not impact parking.

5. Source of Project Funds
   The project will be funded through avoided energy costs using an amendment to the existing Steam Plant ESPC agreement, originally executed with Johnson Controls, Inc. (JCI) on June 25, 2007. The project has been under full guarantee for energy savings since July 2009. The project has met or exceeded the guaranteed energy savings every year, either by actual energy performance or through JCI issuing a shortfall payment to the University. The primary reason for approaching this project by amending the existing ESPC agreement is to keep the guarantee in effect that has protected the University’s financial interests thus far.

Dear Committee Members:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, requests approval for the purchase of property located at 138 S. Virginia Avenue, 204 S. Clinton Drive, and 212 S. Clinton Drive, Fayetteville, Arkansas.

The property includes three rental houses in good condition situated on a total of approximately 0.54 acres of land. An offer in the amount of $868,000 was made to but not accepted by the owners, O&W LLC. The property appraised for $794,500. Should the owner not agree to sell, or the property cannot be acquired at a reasonable price by negotiation, approval is requested to acquire the property by eminent domain.

Funding for purchase of this property will be from Property Purchase Reserves. The property is needed for utility and street improvements, parking and for future University projects.

Also, approval requested to contract for the demolition and removal of the structure situated on the property at such time as the University administration deems appropriate. A resolution is attached for your consideration. I recommend its approval.

Sincerely,

Donald R. Bobbitt
President

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS
THAT the Board hereby approves an Offer to O&W LLC for the purchase price of $868,000 and
on other terms and conditions set forth in the Offer and Acceptance to purchase certain property
situated at 138 S. Virginia Avenue, 204 S. Clinton Drive, and 212 S. Clinton Drive in Fayetteville,
Washington County, Arkansas, more particularly described as follows:

Legal:
Lots 512, 703, 704 & PT Lot 705, (Revised Plat Lots 510-517 Inclusive & Lots 700-
719 Inclusive) of Oak Park Place Addition to City of Fayetteville, Arkansas, as per
plat on file in the Office of the Circuit Clerk and Ex-Officio Recorder of
Washington County, Arkansas.

BE IT FURTHER RESOLVED THAT the purchase shall be subject to a determination by the
General Counsel that the seller has good and merchantable title to the property and obtaining an
acceptable Phase 1 environmental assessment unless waived by campus officials after inspection of
the property. The Vice President for Administration, the Vice Chancellor for Finance and
Administration of the University of Arkansas, Fayetteville, or their designee, shall be, and hereby
are, authorized to take such further action and execute such documents and instruments as may be
necessary to close the transaction in accordance with the Offer and Acceptance.

BE IT FURTHER RESOLVED THAT the appropriate officials of the University of Arkansas,
Fayetteville, shall be, and hereby are, authorized to contract for the demolition and removal of
structures situated upon the property at such time as deemed appropriate.

BE IT FURTHER RESOLVED THAT the Board determines that the acquisition of the property is
necessary for the use of the University of Arkansas, Fayetteville campus, for utility and street
improvements, parking and future construction projects and the President and Vice President for
Administration shall be, and hereby are, authorized to institute an action through the General
Counsel to acquire the property by eminent domain in accordance with the procedures of A.C.A.

Mr. John Goodson, Chair
Mr. Morrill Harriman
Mr. Ben Hyneman
Mr. Sheffield Nelson
Mr. David Pryor
Mr. Mark Waldrip
Board Chair Reynie Rutledge, Ex-Officio

Dear Committee Members:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, requests approval for the purchase of approximately 2.11 acres of unimproved land located on the east side of the proposed Cato Springs Trail and adjacent to the University of Arkansas Research Technology Park (ARTP) property to the east and south in Fayetteville, Arkansas.

An offer in the amount $82,574.00 was made to and accepted by the owners, Levi Storage Center LLC. The property appraised for $82,574.00.

Funding for purchase of this property will be from Property Purchase Reserves. The property is needed to have access to the Cato Springs Trail and for future Arkansas Research Technology Park projects.

A resolution is attached for your consideration. I recommend its approval.

Sincerely,

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS
THAT the Board hereby approves an Offer and Acceptance with Levi Storage Center LLC for the
purchase price of $82,574 and on other terms and conditions set forth in the Offer and Acceptance
to purchase certain property situated on the east side of the proposed Cato Springs Trail and
adjacent to the University of Arkansas Research Technology Park in Fayetteville, Washington
County, Arkansas, more particularly described as follows:

Approximately 2.11 acres of unimproved land located on the east side of the
proposed Cato Springs Trail and adjacent to the UA ARTP property to the east and
south. The City of Fayetteville is in the process of surveying the property; therefore,
a legal description is not currently available.

BE IT FURTHER RESOLVED THAT the purchase shall be subject to a determination by the
General Counsel that the seller has good and merchantable title to the property and obtaining an
acceptable Phase I environmental assessment unless waived by campus officials after inspection of
the property. The Vice President for Administration, the Vice Chancellor for Finance and
Administration of the University of Arkansas, Fayetteville, or their designee, shall be, and hereby
are, authorized to take such further action and execute such documents and instruments as may be
necessary to close the transaction in accordance with the Offer and Acceptance.

BE IT FURTHER RESOLVED THAT the appropriate officials of the University of Arkansas,
Fayetteville, shall be, and hereby are, authorized to contract for the demolition and removal of
structures situated upon the property at such time as deemed appropriate.
CONSIDERATION OF REQUEST FOR APPROVAL FOR SALE OF THREE (3) PARCELS TO THE NORTH AND SOUTH OF 19TH STREET, UAF (ACTION)
May 16, 2016

TO MEMBERS OF THE BUILDINGS AND GROUNDS COMMITTEE:
Mr. John Goodson, Chair
Mr. Morril Harriman
Mr. Ben Hyneman
Mr. Sheffield Nelson
Mr. David Pryor
Mr. Mark Waldrip
Board Chair Reyncie Rutledge, Ex-Officio

Dear Committee Members:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, requests approval for the sale of three tracts of property located at 19th Street, Fayetteville, Arkansas.

Tract One and Tract Two were purchased in 2003 from the City of Fayetteville to use for expansion of the Engineering Research Center (ENRC) for the sum of $370,000. At this time, the University of Arkansas does not need the land for ENRC expansion so we recommend selling for fair market value. The land appraised recently for an estimated market value of $320,000 for Tract One and $470,000 for Tract Two.

Tract Three was purchased in 2012 from the Bank of Ozarks for future needs at a cost of $250,000. At this time, the University of Arkansas does not see a need for the land so we recommend selling for fair market value. The land appraised recently for an estimated market value of $435,000.

A resolution is attached for your consideration. I recommend its approval.

Sincerely,

Donald R. Bobbitt
President

Mr. Ben Hyneman
Mr. Sheffield Nelson
Mr. David Pryor
Mr. Mark Waldrip
Board Chair Reiny Rutledge, Ex-Officio

Dear Committee Members:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, has requested a waiver to Board Policy 740.2 to continue the design of the Treehouse project for the Evans Children’s Adventure Garden at Garvan Woodland Gardens utilizing architectural services by Modus Studio. Modus was previously hired under their on-call contract to provide design services for the project assuming a total project cost of less than $1.0 million. Estimated project cost has since escalated to $1.9 million even after extensive value engineering efforts over the past few months. Project funding of $1.9 million in total project cost is by private donations and has all been received.

The Capital Project Proposal Form (CPPF) is attached for your consideration. Upon completion of construction document drawings and specifications by the design team, an invitation to competitively bid on a general contract for construction services will be advertised.

A proposed resolution is attached for your consideration. I recommend approval.

Sincerely,

Donald R. Bobbitt
President

CAPITAL PROJECT PROPOSAL FORM

Campus—FAYETTEVILLE  Name of Proposed Facility—TREEHOUSE FOR THE EVANS CHILDREN’S ADVENTURE GARDEN AT GARVAN WOODLAND GARDENS

1. Project Function

The treehouse will contain three levels of informal learning, exploration and adventure to children and their adults by providing a rich visual and tactile environment to stimulate the mind and body, while accommodating the needs of all users. The treehouse is designed to teach children about nature through interactive exhibits and structures. Children will be able to learn and explore by stimulation of their imaginations, rather than through static plaques and pictures.

Current Garden annual visitation is 155,000 visitors. With the addition of the treehouse, visitation is anticipated to increase by 20% to 186,000 a year. As a remote campus for the University of Arkansas, Garvan Woodland Gardens seeks to further the relationship with the Fay Jones School of Architecture + Design through the creation of entry-level positions for recent graduates and internship opportunities with students. Construction of the treehouse encourages this opportunity by expanding current Garden facilities. Additionally, revenue generated through the addition of the structure will support new salaries.

2. Facility Location & Description

The treehouse will be nestled among a small group of pines and oaks inside the existing Evans Children’s Adventure Garden at Garvan Woodland Gardens.

3. Total Project Cost

The total project cost is currently estimated at $1.9 million.

4. Parking Plan to Support Expanded Venue

Additional parking is not required for this project.

5. Source of Project Funds

Private gifts. No state funds will be allocated towards this project.

1. Project Function:

The primary part of the project ($13M) involves renovations required to bring the UAMS Central Building (the old Hospital) into compliance with life-safety codes for a high-rise building. The State Fire Marshal granted UAMS a window of time to fulfill these requirements, and we have used this time to study options and determine optimal solutions. The project work will consist of adding sprinkler systems, upgrading the fire alarm system, pressurizing stairwells, and adding smoke/fire-separation walls, and other necessary items.

The second portion of this project ($1.5M) will go toward renovating part of the A-Wing to return hospital rooms to service. A large portion of the cost will involve addition of new air handling equipment.

2. Facility Location and Description (Attach Map):

On the main UAMS campus located at 4301 West Markham in Little Rock.

3. Total Project Cost:

$14,500,000

4. Parking Plan to Support New or Expanded Facility:

This does not involve an expansion of space, so no additional parking is required.

Dear Committee Members:

Chancellor Joel E. Anderson, University of Arkansas at Little Rock, requests approval to select three (3) on-call architects for professional services contracts for the University.

Authorization was granted February 9, 2016, to initiate the selection process, and interviews were conducted on April 12, 2016, in accordance with Board Policy 740.2. Five were interviewed. The interviews indicated that the following firms are best suited to perform the needed services based on their understanding of on-call services, experience in design of on-call projects, and ability to meet budget and time constraints. Therefore, Chancellor Anderson and the selection committee recommend the following three firms for your approval:

- Witsell Evans Rasco
- Polk Stanley Wilcox
- Wittenberg Deloney & Davidson

I concur with Dr. Anderson’s recommendation and have attached a resolution for your consideration.

Sincerely,

Dear Committee Members:

Chancellor Joel E. Anderson, University of Arkansas at Little Rock, requests approval to select three (3) on-call engineering firms for professional services contracts for the University.

Authorization was granted February 9, 2016, to initiate the selection process, and interviews were conducted on April 13, 2016, in accordance with Board Policy 740.2. Four were interviewed. The interviews indicated that the following firms are best suited to perform the needed services based on their understanding of on-call services, experience in design of on-call projects, and ability to meet budget and time constraints. Therefore, Chancellor Anderson and the selection committee recommend the following three firms for your approval:

- **Tinsley Mullen Engineers**
- **Cromwell Architects Engineers**
- **Lockeby Associates**

I concur with Dr. Anderson’s recommendation and have attached a resolution for your consideration.

Sincerely,

**EMR**: Experience Modification Rate (EMR) has strong impact upon a business. It is a number used by insurance companies to gauge both past cost of injuries and future chances of risk. The lower the EMR of your business, the lower your worker compensation insurance premiums will be. An EMR of 1.0 is considered the industry average. EMR numbers are based on a 3-year rolling average.

**BOND RATE**: We acknowledge bond rates as a measure of company health. Bond rates generally vary with the size of the contract and are expressed to us as dollar per 1000 dollars. Lower bond rates are more favorable.

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

At several of the previous Board meetings, the Trustees approved the selection of individuals to receive honorary degrees and other significant University awards at the May 2016 commencement ceremonies. The minutes of those Board meetings did not reflect the names of approved nominees because the individuals had not yet accepted the awards. In order for the honorary degrees and awards actually conferred to be accurately set forth in the Board's meeting minutes, the General Counsel has recommended that the Board ratify and confirm the conferrals.

I concur with this recommendation and have attached a resolution for your approval.

Sincerely,

AUTHORIZATION OF THE BUILDINGS & GROUNDS COMMITTEE TO TAKE APPROPRIATE ACTION ON BUILDINGS AND GROUNDS MATTERS ARISING BEFORE THE NEXT SCHEDULED BOARD MEETING (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

As you know the May 25-26 meeting is the last regular Board meeting for the 2015-2016 academic year. The next regular Trustee meeting is scheduled on September 7-8, 2016, at the University of Arkansas Division of Agriculture 4-H Center. There are several pending buildings and grounds matters which could require action before September, and I am requesting that the Buildings and Grounds Committee be authorized to take appropriate action on buildings and grounds matters that may need attention prior to the next regular meeting of the Board. As usual, all Trustees will be provided with any materials sent to the Buildings and Grounds Committee and will be invited to participate in any meetings.

A resolution is set forth below for your consideration. I recommend approval.

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT in the interim between this meeting and the next regular Board meeting, upon the presentation and approval of the President, the Buildings and Grounds Committee of the Board is delegated the authority to take appropriate action on all buildings and grounds matters that may need attention prior to the next regular meeting of the Board.

Sincerely,

Donald R. Bobbitt

APPROVAL TO ADD A GRADUATE CERTIFICATE IN PROJECT MANAGEMENT & A GRADUATE CERTIFICATE IN STATISTICS AND ANALYTICS, VIA ONLINE DELIVERY, UAF (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, has requested approval of a proposal to add a new graduate certificate in Project Management in the Department of Industrial Engineering, and a new graduate certificate in Statistics and Analytics in the Graduate School and International Education. These certificates will be available for online delivery. Summaries of the proposals are attached.

The Master of Science in Operations Management (MSOM or OMGT) has focused on project management as one of the core courses. During marketing surveys, current and potential students indicated a desire for graduate certificates focusing in project management, lean/quality, homeland security operations, risk management, and healthcare logistics. These have been informal focus areas students have followed for many years.

The Graduate Certificate in Statistics and Analytics will satisfy the shared core requirements for any area of concentration in the Statistics and Analytics Master of Science degree, currently offered. Students working toward or receiving this certificate would be high probability recruits for the Statistics and Analytics Master of Science program.

These proposals have received the necessary campus approvals. If enrollment and budget goals have not been met upon evaluation of the programs after five years, the programs will be discontinued. I concur with these recommendations and have attached a resolution for your consideration.

Sincerely,

Donald R. Bobbitt
President

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the proposal of the University of Arkansas, Fayetteville, to add a new Graduate Certificate in Project Management in the Department of Industrial Engineering within the College of Engineering, and a new Graduate Certificate in Statistics and Analytics in the Graduate School and International Education, is hereby approved. These certificates will be available for online delivery.

BE IT FURTHER RESOLVED THAT if enrollment and budget goals have not been met upon evaluation of the programs after five years, the programs will be discontinued.

BE IT FURTHER RESOLVED THAT the President is hereby authorized to submit this proposal to the Higher Education Coordinating Board for appropriate action.

Project Management Graduate Certificate

GRADUATE CERTIFICATE PROGRAM (12-21 semester credit hours)

1. INSTITUTION SUBMITTING REQUEST:
University of Arkansas, Fayetteville

2. CONTACT PERSON/TITLE:
Dr. Terry Martin, Vice Provost for Academic Affairs

3. PROPOSED EFFECTIVE DATE:
Fall 2017

4. NAME OF PROPOSED GRADUATE CERTIFICATE PROGRAM (PROGRAM MUST CONSIST OF 12-21 SEMESTER CREDIT HOURS FROM EXISTING GRADUATE COURSES).

Project Management Graduate Certificate

5. REASON FOR PROPOSED PROGRAM IMPLEMENTATION:
The Master of Science in Operations Management (MSOM or OMGT) has focused on project management as one of the core courses. During marketing surveys, current and potential students indicated a desire for graduate certificates focusing in project management, lean/quality, homeland security operations, risk management and healthcare logistics. These have been informal focus areas students have followed for many years. This initiative formalizing the skill sets students have indicated desire and employers indicate are important skills.

6. PROVIDE THE FOLLOWING:
   Required Courses:
   OMGT 5783 – Project Management Fundamentals
   OMGT 5983 – Advanced Project Management
   OMGT 5253 – Leadership Principles

   Choose one elective:
   OMGT 5873 – Organizing for Change
   OMGT 5433 – Cost Estimation Models
   OMGT 5463 – Economic Decision Making
   OMGT 5373 – Quality Management
b. Total semester credit hours required (Program range: 12-21 graduate semester credit hours)
   12 Hours (4 courses)

c. New courses and course descriptions:
   One new course was developed and piloted as an elective for the MSOM program:

   OMT 5983 - Advanced Project Management

   Course description:
   This course builds upon the project management for operations managers' course and offers students an opportunity to apply advanced project management tools to manage troubled projects. Topics include determining the project status using the schedule baseline, cost estimations, and earned value management techniques. Students will learn how to perform a project assessment/audit and will create a troubled project recovery plan. The course includes presentations of case study assignments to gain experience in communicating the status and recovery of failed and troubled projects.

d. Documentation that program meets employer needs
   A survey of job opportunities, student surveys indicating employer desires of skills and information presented by the project management institute indicates demand for project management skills. Meetings with local industry indicate project management as a skill lacking and needed.

e. Student demand (projected enrollment) for program
   Based on student surveys and feedback in the advanced project management class from site coordinators/advisors, anticipate a first year enrollment of 30. Future plans to include portions of the program as a concentration may increase the numbers.

f. Name of institutions offering similar program and the institution(s) used as a model to develop the proposed program
   The Project Management Institute (PMI) is the recognized professional organization for project management. The body of knowledge was compared to current programs. The certificates at Penn State University, Florida State University, Georgetown and other institutions were benchmarked for content.

7. WILL THIS PROGRAM BE OFFERED ON-CAMPUS, OFF-CAMPUS OR VIA DISTANCE DELIVERY?

5. REASON FOR PROPOSED PROGRAM IMPLEMENTATION:

There is currently a very high demand for capable employees in data science. This certificate would satisfy the shared core requirements for any area of concentration in the STAN MS degree, currently offered at this campus. Students working toward or receiving this certificate would be high probability recruits for our STAN MS program.

6. PROVIDE THE FOLLOWING:

a. Curriculum outline - List of courses in new program – Underline required courses

One of: STAT 5353 Meth Multivariate Analysis, ISYS 5723 Advance Multivariate Analysis, ESRM 6453 Multivariate Analysis.
One of: STAT 4373 Experimental Design, INEG 5333 Design of Industrial Experimental Experiments, ESRM 6413 Experimental Design

b. Total semester credit hours required (Program range: 12-21 graduate semester credit hours):
12 hours

c. New courses and course descriptions:
No new courses required.

d. Student demand (projected enrollment) for program:
We expect enrollment to exceed 12 new students per year after the first year.

Item 15: Approval to add Three Administrative Units to be Headquartered at the Cato Springs Research Center on the University of Arkansas Campus, UAF (Action)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, has requested approval of proposals to add three Administrative Units as follows:

(1) The NSF Engineering Center on Power Optimization and Electro-Thermal Systems (POETS) will be headquartered at the Cato Springs Research Center (CSRC) on the University of Arkansas campus, effective fall 2016.

POETS is an Engineering Research Center won by the University of Illinois at Urbana Champaign, the University of Arkansas at Fayetteville, Stanford University, and Howard University. POETS is the first Engineering Research Center ever awarded in the state of Arkansas. These four universities include a multi-disciplinary team that will create new paradigms for power flow in complex systems. POETS’s long-term goal is to increase the power density of current mobile electrified systems by 10-100 times over current state-of-the-art systems. While ambitious, this would have profound impact on a mobile electrified infrastructure of the U.S. and beyond. On-highway vehicles could save between 100-300 million liters of fuel per year and could nearly double the range of all-electric vehicles. Off-highway vehicles could save on the order of 100 billion liters of fuel since their electrification is starting from a less mature point than current on-highway vehicles. Similarly, aircraft could see 10-30 billion liters of fuel saved as well as up to 10 million tons of CO2 saved from going into the high altitude atmosphere. These economic and environmental impacts are just the beginning of the art of the possible with the achievement of the POETS vision. This center is a multi-disciplinary center involving several fields of study including Mechanical Engineering, Electrical Engineering, and Physics. The center functions under the assumption that a single discipline could not achieve the goals set by this team and must integrate multiple disciplines and domains to achieve such success.

(2) Cybersecurity Center on Secure, Evolvable Energy Delivery Systems (SEEDS), will be headquartered at the Cato Springs Research Center (CSRC) on the University of Arkansas campus, effective fall 2016.
The center’s overall vision is that future energy delivery systems are able to survive cyber attacks and incidents while sustaining critical functions. To realize this vision, people in power systems engineering, the computer science of cybersecurity, and the power industry will work closely together to identify and analyze needs (i.e., risks and vulnerabilities), research solutions that address these needs, develop tools for rigorous testing, evaluate the efficacy of the solutions as manifest in the tools, and demonstrate these technologies in an industrial setting for research and development purposes in order to evaluate their value for future broader deployment and commercialization potential.

(3) University of Arkansas Membrane Research Center (UA MRC) will be headquartered at the Cato Springs Research Center (CSRC) on the University of Arkansas campus, effective fall 2016.

The UA MRC is part of the Membrane Science, Engineering and Technology (MAST) Center. The MAST Center is a National Science Foundation Industry and University Cooperative Research Center. Since 2010, the MAST Center consisted of two sites: New Jersey Institute of Technology (lead site) and the University of Colorado Boulder. The University of Arkansas officially joined the MAST Center as a third site on March 1, 2014. The UA MRC is the Arkansas site of the MAST Center. The UA MRC currently has five industrial sponsors and is rapidly expanding. Faculty from Chemical, Biomedical, and Civil Engineering are involved in the UA MRC. The UA MRC is the only membrane research center in the state. Membrane based separation processes offer many advantages such as: lower cost processes, significant process intensification, and more sustainable separation processes. The UA MRC could enable the University of Arkansas to be a leader in this field.

Summaries of the proposals are attached. The proposals have received the necessary campus approvals, and I concur with these recommendations. A resolution is attached for your consideration.

Sincerely,

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the proposal of the University of Arkansas, Fayetteville, to add three new Administrative Units as set forth below is hereby approved.

(1) NSF Engineering Center on Power Optimization and Electro-Thermal Systems (POETS)
(2) Cybersecurity Center on Secure, Evolvable Energy Delivery Systems (SEEDS)
(3) University of Arkansas Membrane Research Center (UA MRC)

BE IT FURTHER RESOLVED THAT the President is hereby authorized to submit this proposal to the Higher Education Coordinating Board for appropriate action.
UNIVERSITY OF ARKANSAS, FAYETTEVILLE

NSF Engineering Research Center on Power Optimization for Electro-Thermal Systems (POETS)

ESTABLISHMENT OF ADMINISTRATIVE UNIT
(Center, Division or Institute not offering primary faculty appointments or certificate/degree programs)

1. INSTITUTION SUBMITTING REQUEST:

University of Arkansas, Fayetteville

2. CONTACT PERSON/TITLE:

Dr. Terry Martin, Vice Provost for Academic Affairs

3. NAME OF PROPOSED ADMINISTRATIVE UNIT:

NSF Engineering Research Center on Power Optimization for Electro-Thermal Systems (POETS)

4. PROPOSED LOCATION:

POETS will be headquartered at the Cato Springs Research Center (CSRC) on the University of Arkansas campus. Other center activities will occur at the National Center for Reliable Electric Power Transmission (NCREPT), the High-Density Electronics Center (HiDEC), the Institute for Nanoscience and Engineering, and in individual professor’s labs.

5. DISTANCE OF PROPOSED UNIT FROM MAIN CAMPUS:

Less than one mile

6. REASON FOR PROPOSED ACTION:

Recognition of a National Science Foundation Engineering Research Center, a university-based center, with all of the rights and privileges therein.

7. MISSION AND ROLE FOR PROPOSED UNIT:

POETS is an Engineering Research Center won by the University of Illinois at Urbana Champaign, The University of Arkansas at Fayetteville, Stanford University and Howard University. POETS is the first Engineering Research Center ever awarded in the state of Arkansas. These four universities include a multi-disciplinary team that will create new paradigms for power flow in complex systems. POETS long term goal is to increase the power density of current mobile electrified systems by 10-100 times over current state of the art systems. While ambitious, this would have profound impact on a mobile electrified
infrastructure of the U.S. and beyond. On-highway vehicles could save between 100-300 million liters of fuel per year and could nearly double the range of all-electric vehicles. Off-highway vehicles could save on the order of 100 billion liters of fuel since their electrification is starting from a less mature point than current on-highway vehicles. Similarly, aircraft could save 10-30 billion liters of fuel saved as well as up to 10 million tons of CO2 saved from going into the high altitude atmosphere. These economic and environmental impacts are just the beginning of the art of the possible with the achievement of the POETS vision. This center is a multi-disciplinary center involving several fields of study including Mechanical Engineering, Electrical Engineering and Physics. The center functions under the assumption that a single discipline could not achieve the goals set by this team and must integrate multiple disciplines and domains to achieve such success.

The University of Arkansas serves a major research role for the Center. POETS will conduct an NSF REU (Research Experiences for Undergraduates) Site Program, an RET (Research Experiences for Teachers) program and other activities throughout the life of the center. As the Deputy Director of the Center, Dr. Mantooth plays a critical role in the central administration of the center. In addition to providing administrative leadership, UA faculty are also providing research leadership. Dr. Mantooth serves as the lead for Thrust Area 1 and Dr. Juan Balda serves as the lead for testbeds 2 and 3.

8. IDENTIFICATION OF FACULTY (OR QUALIFICATIONS OF TYPE OF FACULTY), OTHER PERSONNEL, AND ACADEMIC UNITS THAT WILL BE INVOLVED WITH THE CENTER:

While the center involves an interdisciplinary team of faculty from University of Illinois, University of Arkansas at Fayetteville, Howard University, and Stanford University, The University of Arkansas at Fayetteville is contributing a significant amount of faculty and staff effort to the POETS Center because the amount of work expected. The UA POETS Center will be led by Alan Mantooth, Distinguished Professor of Electrical Engineering. Department Head and Professor, Juan C. Balda with the Electrical Engineering Department will lead all Center activities for Testbeds 2 and 3. Additionally, the Center includes Distinguished Professor Gregory Salamo from the Department of Physics; Professor Simon Ang, Professor Morgan Ware, and Research Assistant Professor Michael Glover from the Electrical Engineering Department. Mr. Chris Farnell the NCREPT Test Facility Engineer will participate in the development and implementation of testbed activities for the POETS center. Dr. Shannon G. Davis will serve as the UA lead in developing and coordinating education activities for POETS. In addition, four new faculty will be hired during the first five years of the center. The first is currently being recruited, and the other three will be hired in the next few years.

9. STUDENT INVOLVEMENT, IF ANY:

Graduate students, both Masters and PhDs along with undergraduate students from the Physics, Electrical and Mechanical Engineering fields will be working on the research projects associated with POETS. POETS will develop a new kind of engineer, trained in new ways due to their involvement in this unique research. Students are already involved in approximately 15 research projects and they share those projects with each other to receive feedback from faculty and peers on a regular basis. The POETS Center will also run a Research Experiences for Undergraduates (REU) program and some of those students will
join UA during each summer as well as a Research Experiences for Teachers (RET) program for 2 teachers each summer to join UA faculty and students in the laboratory. This will contribute to their own journey of learning to be passed on to their students in the public school setting.

10. **ANNUAL BUDGET FOR THE UNIT OR THE ESTIMATED EXPENDITURES PER YEAR:**

Estimated fiscal resources and potential sources of funding (e.g., state, private, endowment, grant, contract, or other).

POETS has an annual budget as follows: $650,000 for year 1, $700,000 for year 2, $750,000 for year 3, $800,000 for years 4 and 5. This funding is a combined total of federal funds from the National Science Foundation and match from the University of Arkansas at Fayetteville.

11. **SPACE AND EQUIPMENT NEEDS OF THE CENTER AND A DESCRIPTION OF HOW THEY WILL BE MET:**

While each university will contribute space to the Center for research purposes, the UA Center will be housed at the University of Arkansas' Cato Springs Research Center. Existing facilities located at the Engineering Research Center, the High Density Electronics Center and the Institute for Nanoscience and Engineering, will be major elements needed to complete the work for the POETS Center. In addition to faculty labs, center work will be performed in the National Center for Reliable Electric Power Transmission (NCREPT).

12. **DESCRIPTION OF ADMINISTRATIVE CONTROL AND LINES OF AUTHORITY FOR THE CENTER:**

The Center will follow the campus policy and procedures of the University of Arkansas. The center reports to the Head of the Department of Electrical Engineering, who then reports to the Dean of the College of Engineering. The Dean reports to the Provost and the Provost reports to the Chancellor of the University.

13. **DESCRIPTION OF THE ADVISORY BOARD INCLUDING ITS SIZE, THE METHOD OF ITS SELECTION, AND LENGTH OF TERMS:**

The UA POETS Center will not have its own Advisory Board, but will be under the Industrial Advisory Board (IAB) for the four-university center. The Industrial Advisory Board (IAB) is currently recruiting industrial members which are relevant to the research activities. It is yet undefined how many companies will reside on the IAB. There is no upward limit on the number of companies that can join the center. The IAB will be led by a Chair and a Vice-Chair. Each year the IAB will elect a Vice-Chair, who will serve in that position for one year. In the following year, the Vice-Chair will become the Chair and a new Vice-Chair will be elected. The IAB will be responsible for selecting projects for funding (based on projects proposed by faculty), reviewing progress of ongoing projects, and providing direction to researchers on future projects.
14. THE METRICS TO BE USED TO EVALUATE THE CENTER’S FEASIBILITY AT ITS FIVE-YEAR REVIEW.

The metrics reviewed at the five-year mark used to evaluate center success are:
1. Center has been renewed by NSF
2. Technical milestones according published roadmap have been met
3. Cross-institutional collaborations on educational initiatives have been instituted
4. Entrepreneurship training for students has been developed
5. REU/RET programs in place and running each summer
6. Publications
7. ~15 Industry members in the center
UNIVERSITY OF ARKANSAS, FAYETTEVILLE
Cybersecurity Center on Secure, Evolvable Energy Delivery Systems (SEEDS)

ESTABLISHMENT OF ADMINISTRATIVE UNIT
(Center, Division or Institute not offering primary faculty appointments or certificate!degree programs)

1. INSTITUTION SUBMITTING REQUEST:

University of Arkansas, Fayetteville

2. CONTACT PERSON/TITLE:

Dr. Terry Martin, Vice Provost for Academic Affairs

3. NAME OF PROPOSED ADMINISTRATIVE UNIT:

Cybersecurity Center on Secure, Evolvable Energy Delivery Systems (SEEDS)

4. PROPOSED LOCATION:

SEEDS will be headquartered at the Cato Springs Research Center (CSRC) on the University of Arkansas campus. Other center activities will occur at the National Center for Reliable Electric Power Transmission (NCREPT) and in individual professor’s labs.

5. REASON FOR PROPOSED ACTION:

Recognition of a Department of Energy sanctioned university-based center with all of the rights and privileges therein.

6. MISSION AND ROLE FOR PROPOSED UNIT:

The center’s overall vision is that future energy delivery systems are able to survive cyber attacks and incidents while sustaining critical functions. To realize this vision, people in power systems engineering, the computer science of cybersecurity, and the power industry will work closely together to identify and analyze needs (i.e., risks and vulnerabilities), research solutions that address these needs, develop tools for rigorous testing, evaluate the efficacy of the solutions as manifest in the tools, and demonstrate these technologies in an industrial setting for R&D purposes in order to evaluate their value for future broader deployment and commercialization potential.

From the cybersecurity perspective, there are three crucial elements for any viable approach to energy systems cybersecurity. First, the proposed technologies and tools should be integratable to the current energy control systems without disrupting service, since designing and deploying a new power infrastructure is infeasible. This means that the integration of security technologies should not interfere with the function of the components that they are designed to protect. Second, security technologies and tools proposed for different aspects of energy delivery systems should be easily composable to provide more advanced and flexible protections. Since it is impossible to design one solution for all security problems, the natural process is to develop components of security technologies, but the key to success is that these
components must be composable to construct systematic solutions. Third, security technologies in energy delivery systems must be evolvable to meet future security needs. The energy delivery system is dynamic in nature and cyber attacks evolve with time. Instead of always developing new technologies for new attacks, the cost-effective strategy is that demonstrated R&D technologies can evolve to address new attacks and accommodate new protection needs. In order to meet the goals outlined in this dynamic approach, the participation of an industry R&D partner is essential. This involvement is critical to address sustainability, as the center must be able to show the national community of utility companies and vendors that tools developed through this center meet these three criteria.

From the power systems engineering perspective, security protection should be provided both to the legacy power grid control and operation functions, which are the core of energy control systems and to emerging power grid components and services such as microgrid and demand-side management as they are integrated into the overall power grid. Protections added to the legacy system should not disrupt a running system or degrade system performance. However, since new components and services are still in their infancy, security features should be built into their design.

This center develops integratable, composable, and evolvable cybersecurity technologies and tools for energy delivery systems to protect both the legacy power grid control and operation systems and emerging components and services.

7. STUDENT INVOLVEMENT, IF ANY:

Students will play a critical role in the research agenda of the center. Each faculty researcher will have graduate research assistants working on projects in the center. In addition to their research activities, the center will provide students with a variety of opportunities to present their work at conferences, center meetings and in webinars. Funding is also available for undergraduate researchers to join the work where it is appropriate. Center faculty and staff will also actively seek supplements and other funding to provide more and more varied opportunities for students to become involved in SEEDS work.

8. ANNUAL BUDGET FOR THE UNIT OR THE ESTIMATED EXPENDITURES PER YEAR:

The center will have estimated annual expenditures exceeding $2M during the first 5 years. This expenditure rate is supported by a $15.2 million dollar grant from the Department of Energy.

9. ESTIMATED FISCAL RESOURCES AND POTENTIAL SOURCES OF FUNDING (E.G., STATE, PRIVATE, ENDOWMENT, GRANT, CONTRACT, OR OTHER).

For the first five years of the center’s life, funding will primarily be provided by the $15.2 million dollar grant (including cost-sharing) awarded by the Department of Energy. During the first year of the center, a member-based model will be established to attract industrial partners to the center. No membership fees will be collected in the first year of the center’s life. In subsequent years, membership dues will be collected from members of the center’s IAB. The bulk of these funds will be used for research funding, but a percentage will be kept to cover administrative expenses for the center. After the first five years of the center, membership fees will be the primary funding source of the center. Faculty and staff will
actively seek additional grants and supplements to provide additional funding support for the center.

Annual costs will vary each year depending on the work being done. See Table 1 for a breakdown of the awards by site and by year. Funds are used to support faculty, staff and students, tuition fees, equipment and supplies for research, and travel to center meetings and academic conferences.

10. SPACE AND EQUIPMENT NEEDS OF THE CENTER AND A DESCRIPTION OF HOW THEY WILL BE MET:

Each university will provide lab space for their faculty and students to work. The bulk of space used will be in individual faculty labs. At the UA, Fayetteville, in addition to faculty labs, center work will be performed in the National Center for Reliable Electric Power Transmission (NCREPT). In support of this center, NCREPT will be expanded to better facilitate research in the area of cybersecurity. This will nearly double the amount of laboratory space in NCREPT and create space for additional students and faculty to work, as well as space for collaborative researchers visiting our campus to test their research.

11. THE METRICS TO BE USED TO EVALUATE THE CENTER'S FEASIBILITY AT ITS FIVE-YEAR REVIEW:

- SEEDS will achieve the technical milestones set forth in the DOE Cooperative Agreement.
- Per the DOE Cooperative Agreement, SEEDS will be a self-sustaining center in five years.
- The Center will be a membership-based center with sufficient membership to sustain operations.
- The Center will have at least two external universities involved.
- There will be graduate student participation at the undergraduate and graduate levels.
UNIVERSITY OF ARKANSAS, FAYETTEVILLE

University of Arkansas Membrane Research Center (UA MRC)

ESTABLISHMENT OF ADMINISTRATIVE UNIT
(Center, Division or Institute not offering primary faculty appointments or certificate/degree programs)

1. INSTITUTION SUBMITTING REQUEST:
University of Arkansas Fayetteville

2. CONTACT PERSON/TITLE:
Dr. Terry Martin, Vice Provost for Academic Affairs

3. NAME OF PROPOSED ADMINISTRATIVE UNIT:
University of Arkansas Membrane Research Center (UA MRC)

4. PROPOSED LOCATION:
Cato Springs Research Center, University of Arkansas, Fayetteville campus

5. DISTANCE OF PROPOSED UNIT FROM MAIN CAMPUS:
0 miles

6. REASON FOR PROPOSED ACTION:
The UA MRC is part of the Membrane Science, Engineering and Technology (MAST) Center. The MAST Center is a National Science Foundation Industry and University Cooperative Research Center. Since 2010 the MAST Center consisted of two sites: New Jersey Institute of Technology (lead site) and the University of Colorado Boulder. The University of Arkansas officially joined the MAST Center as a third site on March 1, 2014. The UA MRC is the Arkansas site of the MAST Center. The UA MRC currently has 5 industrial sponsors and is rapidly expanding. Faculty from Chemical, Biomedical and Civil Engineering are involved in the UA MRC. The UA MRC is the only membrane research center in the State. Membrane based separation processes offer many advantages such as: lower cost processes, significant process intensification, more sustainable separation processes. The UA MRC could enable the University of Arkansas to be a leader in this field.

7. MISSION AND ROLE FOR PROPOSED UNIT:
The most important component of the mission of the UA MRC is promotion of education and training opportunities in membrane science and technology especially for graduate students. Graduate students (PhD and MS level students) will form the backbone of all UA MRC research teams. Graduate students will conduct their thesis research through UA MRC projects. A unique feature of UA MRC research projects is that every project will have at least one of our industrial sponsors as a project mentor. The UA MRC: (1) Conducts fundamental and applied research in the field of membranes via innovative materials and processes to facilitate the use of membrane technology for current and emerging industrial
applications; (2) Helps sustain U.S. technological leadership in membrane materials and membrane-based separation processes and accelerate commercialization by Center sponsors of novel, sustainable and innovative technologies; (3) Provides undergraduate, graduate and postdoctoral researchers with a superior educational and research experience that will enable them to become productive and effective professionals in the membrane community. An underlying emphasis in all of these efforts is the understanding that new membrane technologies will lead to enhanced sustainability in our technological operations.

8. IDENTIFICATION OF FACULTY:

Each year the center will issue a call for proposals. Project selection is at the discretion of the MAST Center Industrial Advisory Board members. The Industrial Advisory Board consists of the industrial sponsors from all three MAST Center Sites (not just the UA MRC). Any faculty member at the University of Arkansas may respond to the call for proposals. If the proposal is selected for funding, the faculty member will be the PI of the project and will become a participating faculty member. In addition, the UA MRC (in conjunction with the MAST Center) holds semi-annual meetings that rotate between the three MAST Center sites. All UA faculty may attend these meetings.

9. STUDENT INVOLVEMENT:

The most important component of the mission of the UA MRC is promotion of education and training opportunities in membrane science and technology especially for graduate students. Graduate students (PhD and MS level students) form the backbone of all UA MRC research teams. Graduate students will conduct their thesis research through UA MRC projects. A unique feature of UA MRC research projects is that every project will have at least one of our industrial sponsors as a project mentor. The students will interact with these industrial mentors (e.g. through on-site meetings, meetings on campus, conference calls) at least once a month. Thus students will gain insights into practical problems related to their thesis research as well as life in an industrial research group.

Every 6 months the UA MRC will hold a project review meeting in conjunction with the MAST Center. The meetings will rotate between the three MAST Center sites. All graduate students working on UA MRC projects will give an oral or poster presentation at these meetings. All the MAST Center industrial sponsors will attend these project review meetings. In addition each student will attend a mentoring session for face to face discussion with project mentors. The project review meetings will provide our graduate students with unique networking opportunities. Further many of our industrial sponsors are likely to hire graduate students who have worked on UA MRC projects.

The UA MRC will also provide research opportunities for undergraduate students. Supplemental funding opportunities exist for funding undergraduate students e.g. the National Science Foundation has supplemental funding opportunities for Industry and University Cooperative Research Centers. The UA MRC could compete for this funding. Undergraduate students will work on a project with a graduate student. Undergraduate students will also attended the 6 monthly project review meetings and present a poster. They will also attend project mentor meetings etc.
10. ANNUAL BUDGET:

The proposed UA MRC is currently funded through the National Science Foundation with funding at the level of $60,000 per year. The Vice Provost for Research and Economic Development has provided $50,000 a year while industry membership fees are currently $50,000 per year. The UA MRC currently has 5 sponsors. The budget for 2016 is $360,000.

The UA MRC aims to add a new sponsor each year. However it is likely that occasionally sponsors may leave the UA MRC depending on their internal priorities. We estimate an annual budget of around $360,000. This will require the UA MRC to maintain a base membership of at least 5 sponsors. National Science Foundation funding is expected to be steady until 2019. In 2019 a renewal proposal will be submitted. The new level of funding is not known at present as it is likely new program guidelines will be published in the next 18 months.

11. FINANCIAL RESOURCES:

As indicated above (10. Annual Budget) the UA MRC has two sources of funding: industrial sponsors and the National Science Foundation. It is expected that the industrial membership fees will increase to $60,000 in the next 12 months. As indicated National Science Foundation funding will remain at $60,000 per year for the next three years. We estimate a steady level of funding around $360,000 per year.

12. SPACE AND EQUIPMENT NEEDS:

UA MRC projects will be led by a faculty member (principal investigator) at the University of Arkansas. His/her graduate students will be funded by UA MRC. The work will be conducted in the principal investigator's laboratory. Thus UA MRC projects will use laboratory and office space already provided by the principal investigator's host department (Biomedical, Civil and Chemical Engineering).

All UA MRC projects will make use of existing equipment the University of Arkansas. UA MRC funding is targeted for funding researchers the majority being graduate students. There is no funding available for new equipment purchases. UA MRC projects make use of specialized equipment in the principal investigators laboratories e.g; atomic force microscope, high performance liquid chromatography, membrane bioreactors as well as equipment available to faculty through the Arkansas Nano-Bio Materials Characterization Facility.
Item 16: Approval to add an Educator Licensure Prog for the Educational Examiner Endorsement & Revise an Educator Licensure Prog for Spec Ed Resource Teacher Lic, K-6 or 7-12, UAF (Action)

APPROVAL TO ADD AN EDUCATOR LICENSURE PROG FOR THE EDUCATIONAL EXAMINER ENDORSEMENT & REVISE AN EDUCATOR LICENSURE PROG FOR SPEC ED RESOURCE TEACHER LIC, K-6 OR 7-12, UAF (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, has requested approval of a proposal to add a new educator licensure program for the Educational Examiner Endorsement and to revise an educator licensure program for the Special Education Resource Teacher License, K-6 or 7-12, effective spring 2017. Summaries of the proposals are attached.

The new educator licensure program for the Educational Examiner Endorsement is designed to prepare licensed K-12 teachers to become educational examiners. Program completers will have mastery of the educational examiner standards in assessment, program services and outcomes, research inquiry, leadership and policy, professional and ethical practice, and collaboration. The educational examiner will work with teachers, parents, and students in identification of students needing special education services, assessment for intervention, and prescribing/implementing appropriate interventions for students identified as eligible for special education.

The revised educator licensure for the Special Education Resource Teacher License program is designed to prepare licensed special education resource teachers for either K-6 or 7-12 at the Graduate Level. The program will be an endorsement to a general education teaching license and is only available to individuals with a standard license or on an approved licensure program. Students must be considered highly qualified in K-6, 4 – 8, or 7-12 in math, English, or science prior to entering the program.

These proposals have received the necessary campus approvals. If enrollment and budget goals have not been met upon evaluation of the programs after five years, the programs will be discontinued. I concur with these recommendations and have attached a resolution for your consideration.

Sincerely,

Donald R. Bobbitt
President

APPROVAL TO DELETE THE CONCENTRATION OF STUDENT AFFAIRS & COLLEGE COUNSELING & THE GRADUATE CERTIFICATE IN PREPARING FOR PROFESSORIATE IN THE GRAD SCHOOL & INT'L ED, UAF (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, has requested approval of proposals to delete the concentration of Student Affairs and College Counseling in the Master of Science in Counseling and the Graduate Certificate in Preparing for the Professorate in the Graduate School and International Education, effective fall 2017. There is currently not enough demand to maintain the programs. Summaries of the proposals are attached.

The proposals have received the necessary campus approvals, and I concur with these recommendations. A resolution is attached for your consideration.

Sincerely,

Item 18: Notification of a Change of Name for the Enhanced Learning Ctr & Quality Writing Ctr to the Ctr for Learning & Student Success (CLASS+), UAF (Information)

NOTIFICATION OF A CHANGE OF NAME FOR THE ENHANCED LEARNING CTR & QUALITY WRITING CTR TO THE CTR FOR LEARNING & STUDENT SUCCESS (CLASS+), UAF (INFORMATION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Joseph E. Steinmetz, University of Arkansas, Fayetteville, has requested that you be notified of a proposal to change the name of the Enhanced Learning Center and Quality Writing Center to the Center for Learning and Student Success (CLASS+), effective fall 2016. A summary of the proposal is attached.

The purpose for this proposed name change is to streamline the student referral process and to simplify communication with students. The Enhanced Learning Center and the Quality Writing Center are one organizational unit and are housed in one primary location, so shifting to one name to describe their services will allow the campus to fully embrace the one-stop student success model. By limiting the use of the word “Center” to once, they will provide clarity to students, faculty, and staff on where students can go for academic support (tutoring, writing support, supplemental instruction, and academic coaching).

This proposal has received the necessary campus approvals. A letter of notification will be submitted to ADHE following the Board meeting.

Sincerely,

CONSIDERATION OF REQUEST FOR APPROVAL OF A PROPOSAL TO CREATE THE INSTITUTE FOR CHIEF DATA OFFICERS, UALR (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Joel E. Anderson, University of Arkansas at Little Rock, has requested approval of a proposal to establish the Institute for Chief Data Officers (iCDO) to collaborate with other universities and organizations to conduct research and develop training to meet the needs of the growing community of Chief Data Officers (CDOs) in government and industry. A summary of the proposal is attached.

The mission of the Institute for Chief Data Officers is to advance education and state-of-the-art research on information quality, roles and responsibilities of the Chief Data Officers. The institute will also develop training and curriculum to assist Chief Data Officers in facing the challenges, tasks and roadmaps; and to address complex societal challenges in a diverse set of areas such as finance and healthcare in the public and private sectors.

The proposal has received the necessary campus approvals. I concur with this recommendation and have attached a resolution for your consideration.

Sincerely,

Donald R. Bobbitt
President

ESTABLISHMENT OF ADMINISTRATIVE UNIT
(Center, Division or Institute not offering primary faculty appointments or certificate/degree programs)

1. INSTITUTION SUBMITTING REQUEST:
   University of Arkansas at Little Rock

2. CONTACT PERSON/TITLE:
   Larry Whitman, Dean, College of Engineering and Information Technology

3. NAME OF PROPOSED ADMINISTRATIVE UNIT:
   Institute for Chief Data Officers

4. PROPOSED LOCATION:
   University of Arkansas at Little Rock main campus in the Engineering and Information Technology Building

5. DISTANCE OF PROPOSED UNIT FROM MAIN CAMPUS:
   Proposed unit will be located on main campus.

6. REASON FOR PROPOSED ACTION:
   To establish the Institute for Chief Data Officers at UALR that can collaborate with other universities and organization to conduct research and develop training to meet the needs of the growing community of Chief Data Officers (CDOs) in government and industry. As organizations have come to recognize that data and information are among their most valuable assets, the role of CDO has begun to emerge as a new C-level role charged with overseeing the strategy for maximizing the value of this strategic asset.

   According to Gartner, the race to drive competitive advantage and improved efficiency through better use of information assets is leading to a sharp rise in the number of chief data officers. Gartner estimated that 90% of large organizations will have a Chief Data Officer by 2019, and 1,000 CDOs or Chief Analytics Officers by the end of 2015, up from 400 in 2014.
The Wall Street Journal, in 2014, featured an article titled, “Chief Data Officers Blaze Uncharted Corporate Frontier,” reporting a panel of financial services CDOs at the Annual MIT CDO Forum then in its fourth year, had grown from a handful of CDOs to a group of nearly 100 executives representing a “who’s who” of the Fortune 1000.

7. MISSION AND ROLE FOR PROPOSED UNIT:

The mission of Institute for Chief Data Officers (iCDO) based at UALR is to advance education and state-of-the-art research on information quality, roles and responsibilities of the CDO. The iCDO will also develop training and curriculum to assist CDOs in facing the challenges, tasks and roadmaps; and to address complex societal challenges in a diverse set of areas such as finance and healthcare in the public and private sectors.

Understanding and developing concepts, models, techniques, and solution approaches across complex, interconnected systems are at the core of our ability to uncover new insights and solutions. Spanning colleges at UALR, and in cooperation with leading research institutions such as the Massachusetts Institute of Technology, the iCDO will embrace the ideas and methods from many disciplines including information science, statistics, computing systems and optimization, economics, information technology, and organizational behavior. These disciplines are relevant both for understanding the CDO challenges and for building a body of knowledge to

- Place UALR Ph.D. graduates in leading research universities
- Prepare UALR graduates to step into CDO roles in major organizations
- Enable an enterprise to derive the maximum value from its information and data assets, to realize the value of data-driven decision making, and to gain competitive advantage through high-quality information.
- Support and empower CDOs and others charged with leading enterprise strategy, governance, and management of information and data assets.

iCDO Activities
- Conduct research to publish in leading academic journals
- Secure funding from public and private sectors
- Organize the MIT CDO & Information Quality Symposium and isCDO Society meetings to be held at MIT and UALR
  - Bring together CDOs to share their experiences and give back to their communities through collaboration with their peers.
  - Provide a venue for CDOs to network with their peers.
  - Develop and promote education and training to help CDOs to improve their knowledge and skills.
  - Cultivate an environment that encourages the free exchange of information between CDOs across multiple industries
  - Help CDOs strengthen their organizations by improving the quality, use, and interoperability of data and information
Item 20: Approval of Proposals to Offer Four new Programs by Reconfiguring Existing Programs, UALR (Action)

APPROVAL OF PROPOSALS TO OFFER FOUR NEW PROGRAMS BY RECONFIGURING EXISTING PROGRAMS, UALR (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Joel E. Anderson, University of Arkansas at Little Rock, has requested approval to reconfigure existing programs to create the new programs listed below. Summaries of the proposals are attached.

- New Certificate of Proficiency in Applied Design
- New Certificate of Proficiency in Photography
- New Bachelor of Arts in Legal Studies
- New Bachelor of Arts in Community Management and Development

   The Department of Art often receives requests from prospective students to have the
   opportunity to specifically study furniture design & woodworking, jewelry & metals
   and/or ceramics. These requests come from individuals directly from high school,
   individuals in the field wishing to add to their skillset, and university alumni and
   programs from other universities with a desire to become more proficient in the
   making of art, particularly functional art. We also receive requests from individuals
   already working in a design capacity that are given the opportunity to further their
   studies with the assistance of their employers. We currently have a number of
   students taking these courses as non-degree seeking. This will provide certification
   for those students.

d. **Documentation that program meets employer needs**
   This program is designed for students pursuing careers as craft entrepreneurs. In the 18 required hours students learn the basic skills to create products and art objects as commodities. Skills learned in this certificate program may be applied to industries that utilize metal, ceramics or wood.

e. **Student demand (projected enrollment) for proposed program**
   We currently have six students taking courses in the applied design areas that would qualify for this certificate. It is projected that this number would triple with the availability of the certificate.

   At this time the Department of Art’s only option is to guide them through our course as a non-degree seeking student. This has been helpful in training but the students do not receive any documentation or certifications of their skills.

   Often entities that provide tuition assistance require a certificate program before providing funds or reimbursing the students. Additionally, employers are hesitant to release employees and fund education without an official outcome that a certificate program would provide.

UNIVERSITY OF ARKANSAS AT LITTLE ROCK

Bachelor of Arts Major in Legal Studies

RECONFIGURATION OF EXISTING DEGREE PROGRAMS
Modification to Create New Degree (75% of coursework from existing degree)

1. INSTITUTION SUBMITTING REQUEST:

University of Arkansas at Little Rock

2. PROPOSED TITLE OF MODIFIED PROGRAM:

Legal Studies

3. PROPOSED EFFECTIVE DATE (TERM/YEAR):

Fall 2016

4. REASON FOR PROPOSED CONSOLIDATION/RECONFIGURATION:

This is a proposal for a supplemental BA major in Legal Studies. A supplemental major (also known at other institutions as "dependent" or "secondary") is a type of second major that requires students to have a primary major as well. The primary major determines any university-level requirements, for example second language courses. In all other ways, the supplemental major is identical to any other major. The supplemental major is a particularly good device when designing interdisciplinary programs, which is what the study of law is. Law plays a role in all areas of experience, from business to poetry. Thus it is appropriate for an undergraduate legal studies degree to be attached or "supplemental" to some other area of expertise. Students will be able to declare the supplemental major in Legal Studies with any primary major.

The supplemental major in Legal Studies will add only one new course, LGST 3300: Introduction to Legal Studies. Otherwise, it draws entirely on existing courses and is essentially an expansion of our popular Legal Studies minor. As of fall 2015, there are 80 Legal Studies minors at UALR, an increase of almost 60% over two years ago. The Admissions Office has been tracking interest in pre-law among admitted students; and as of October 2015, the students listing 'pre-law' as their primary program of interest at UALR stood at 537 -- up from 301 at about the same time the previous year.
Since the proposed major is a supplemental major formed from existing courses, it will not compete with existing majors at the university, and it should provide many students with an appropriate curriculum either to prepare for law school or to become legally literate.

The program has been designed with input from law faculty so that the required courses will introduce students to some of the concepts and activities they will need to know in law school, while the electives will allow students to explore the different contexts in which legal issues arise.

See Attachment A for the complete curriculum.

5. PROVIDE CURRENT AND PROPOSED CURRICULUM OUTLINE BY SEMESTER. INDICATE TOTAL SEMESTER CREDIT HOURS REQUIRED FOR THE PROPOSED PROGRAM. LIST NEW COURSES (IN ITALICS) AND PROVIDE NEW COURSE DESCRIPTIONS. UNDERLINE REQUIRED GENERAL EDUCATION CORE COURSES AND MARK COURSES OFFERED BY DISTANCE TECHNOLOGY WITH AN *ASTERISK.

See Attachment B for the curriculum outline.

6. WILL THE PROPOSED DEGREE BE OFFERED ON-CAMPUS, OFF-CAMPUS, OR VIA DISTANCE DELIVERY? IF YES, IDENTIFY THE MODE OF DISTANCE DELIVERY.

The program will be offered on-campus, but a majority of the courses are also offered online via Blackboard.

7. LIST INSTITUTIONS OFFERING SIMILAR PROGRAMS AND IDENTIFY THE INSTITUTION(S) USED AS A MODEL TO DEVELOP THE PROPOSED PROGRAM.

Here are some of the institutions offering supplemental (or dependent or secondary) majors: Baylor University, Kansas State University, New Mexico State University, Notre Dame University, Saint Louis University, Stanford University, University of Arkansas-Fayetteville, and University of Denver.

Two of these institutions offer law-related supplemental degrees: New Mexico State offers a supplementary major in Law and Society, and St. Louis University offers a secondary major in Legal Studies.

All of these programs were reviewed in developing the UALR Legal Studies supplemental major.
Attachment A. Legal Studies Supplemental BA Major Curriculum

33 hours required:

- Core: 35 hours
- Primary major: 30 – 36 hours
- Language: 0 – 9 hours (as determined by primary major)
- Supplemental major: 33 hours
- Unrestricted Gen. Electives: as many hrs as nec. to meet the 120-hour requirement
- Total: 120

Note: in the 8-semester outline, the assumption is that the primary major is 36 hours, that it requires 9 hours of a second language, and that there are 13 hours of unrestricted general electives. Also, 3 hours (POL 1310) is double-counted as core and major, and 3 hours (SPCH 1300) is double-counted as core and major.

Students will be allowed to "double-count" up to 6 hours between Legal Studies and the primary major. Political Science majors may count two POLS courses in addition to POLS 1310 toward the Legal Studies major.

Legal Studies Supplemental Major Requirements (33 hours)

UNIVERSITY OF ARKANSAS AT LITTLE ROCK

Bachelor of Arts in Community Management and Development

RECONFIGURATION OF EXISTING DEGREE PROGRAMS
Modification to Create New Degree
(75% of coursework from existing degree)

1. INSTITUTION SUBMITTING REQUEST:
University of Arkansas at Little Rock

2. CONTACT PERSON/TITLE:
Dr. Michael Craw, Assistant Professor of Public Administration, mccraw@ualr.edu, 501-569-3402

3. TITLE(S) OF DEGREE PROGRAMS TO BE MODIFIED:
Courses from numerous existing programs will be used to configure this new degree program. All contributing programs will remain unchanged

4. PROPOSED TITLE OF MODIFIED PROGRAM:
Bachelor of Arts in Community Management and Development

5. PROPOSED EFFECTIVE DATE(TERM/YEAR):
Fall 2016

6. REASON FOR PROPOSED CONSOLIDATION/RECONFIGURATION:
UALR’s Community Management and Development program will prepare students for professional positions in community services and planning, advocacy, and public and nonprofit management as well as career paths in community organizing and social entrepreneurship. The program aims to develop student competency in four areas that community stakeholders identified as central needs for careers in this field: professional written and interpersonal communication; managerial skills (including human resource management, development and planning, and financial administration); analytic thinking (including policy analysis); and expertise in urban social science. The program takes a multidisciplinary approach to helping students achieve these competencies. In addition, the program helps students integrate these skills into practice through experiential learning. And it encourages students to deepen their expertise in particular ways suitable to their interests and academic strengths.
7. WILL THE PROPOSED DEGREE BE OFFERED ON-CAMPUS, OFF-CAMPUS, OR VIA DISTANCE DELIVERY? IF YES, IDENTIFY THE MODE OF DISTANCE DELIVERY.

This program will be offered on-campus.

8. LIST INSTITUTIONS OFFERING SIMILAR PROGRAM AND IDENTIFY THE INSTITUTION(S) USED AS A MODEL TO DEVELOP THE PROPOSED PROGRAM.

At the undergraduate level, the University of Central Arkansas and Henderson State University offer bachelor’s programs in public administration. While these programs overlap in their goals for managerial and analytic competency, they lack the goals for urban social science competency and the interdisciplinary approach taken by the proposed program in community management and development.
Item 21: Consideration of Request for Approval of a Proposal to Suspend the Graduate Certificate in Geospatial Technology, UALR (Action)

CONSIDERATION OF REQUEST FOR APPROVAL OF A PROPOSAL TO SUSPEND THE GRADUATE CERTIFICATE IN GEOSPATIAL TECHNOLOGY, UALR (ACTION)
TO THE MEMBERS OF THE BOARD OF TRUSTEES

May 16, 2016

Dear Trustees:

Chancellor Joel E. Anderson, University of Arkansas at Little Rock, has requested approval of a proposal to place the Graduate Certificate in Geospatial Technology on inactive status due to low enrollment. A summary of the proposal is attached.

The proposal has received the necessary campus approvals. I concur with this recommendation and have attached a resolution for your consideration.

Sincerely,

Donald R. Bobbitt
President

Geospatial Technology Graduate Certificate

Inactive/Reactivate Program

1. INSTITUTION SUBMITTING REQUEST:

University of Arkansas at Little Rock

2. CONTACT PERSON/TITLE:

Larry Whitman, Dean, College of Engineering and Information Technology

3. PROPOSED EFFECTIVE DATE (LAST DATE FOR NEW STUDENT ENROLLMENTS):

Spring 2016

4. TITLE OF DEGREE PROGRAM:

Geospatial Technology Graduate Certificate

5. REASON FOR PROPOSED ACTION:

X Inactive status – No new students can be admitted to the program after the effective date. (Program on inactive status for 5 years will be removed from the AHECB approved program inventory.)

Provide the following information:

a. Reason for proposed action - placing program on inactive status.
   Lack of faculty to teach the courses.

b. Number of students enrolled in program.
   3

c. How will students in the inactive program be accommodated?
   The courses will still be taught, but not every year. Students currently enrolled will be able to finish the program over an extended period of time.

d. Projected program completion date.
   6/30/2017

e. Provide documentation of written notification to students currently enrolled in the program.
   Students have been notified by letter (attached) of the status of the Geospatial Certificate Program.
Item 22: Notification of Proposals to Change the Name of Three Programs, UALR (Information)

NOTIFICATION OF PROPOSALS TO CHANGE THE NAME OF THREE PROGRAMS, UALR (INFORMATION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Joel E. Anderson, University of Arkansas at Little Rock, has requested that you be notified of proposals to rename three programs as follows:

- Change the name of the Department of Speech Communication to the Department of Applied Communication Studies
- Change the name of the Speech Communication Major to the Bachelor of Arts in Applied Communication Studies
- Change the name of the Speech Communication Minor to Applied Communication Studies

The proposed changes reflect broadening of the discipline, and the major name change reflects revision of undergraduate learning outcomes and a better representation of the field of study. Further, these changes are in line with the formerly approved name change to the graduate program.

The proposals have received the necessary campus approvals. Letters of notification will be submitted to ADHE following the Board meeting.

Sincerely,

Donald R. Bobbitt
President

Item 24: Approval of a Proposal to Reconfigure the Current Master of Public Service Degree into an Executive Master of Public Service Degree, CSPS (Action)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Dean James L. “Skip” Rutherford, University of Arkansas Clinton School of Public Service, has requested approval of a proposal to reconfigure the current Master of Public Service degree into an Executive Master of Public Service degree (EMPS) to meet the needs of mid-career public service professionals. The current MPS degree program will also be retained. A summary of the proposal is attached.

This proposed program consists of 36 credit-hours taken over a two year period and will be offered online only. The program is specifically for qualified applicants who have significant work and public service experience.

The proposal has received the necessary campus approvals. I concur with Dean Rutherford’s recommendation and have attached a resolution for your consideration.

Sincerely,

Donald R. Bobbitt
President

4. PROPOSED TITLE OF MODIFIED PROGRAM:
Executive Master of Public Service

5. PROPOSED EFFECTIVE DATE(TERM/YEAR):
January 2017

6. REASON FOR PROPOSED CONSOLIDATION/RECONFIGURATION:
The Clinton School of Public Service is reconfiguring the current Master of Public Service degree into an Executive Master of Public Service degree (EMPS) to meet the needs of mid-career public service professionals. We will keep the current MPS degree program as it is. This proposed program consists of 36 credit-hours taken over a two year period, and will be offered online only. The program is specifically for qualified applicants who have significant work and public service experience.

7. PROVIDE CURRENT AND PROPOSED CURRICULUM OUTLINE BY SEMESTER. INDICATE TOTAL SEMESTER CREDIT HOURS REQUIRED FOR THE PROPOSED PROGRAM. LIST NEW COURSES (IN ITALICS) AND PROVIDE NEW COURSE DESCRIPTIONS. UNDERLINE REQUIRED GENERAL EDUCATION CORE COURSES AND MARK COURSES OFFERED BY DISTANCE TECHNOLOGY WITH AN *ASTERISK.

See attached

8. WILL THE PROPOSED DEGREE BE OFFERED ON-CAMPUS, OFF-CAMPUS, OR VIA DISTANCE DELIVERY? IF YES, IDENTIFY THE MODE OF DISTANCE DELIVERY.
The Clinton School of Public Service (UACS) will contract with the University of Arkansas System eVersity to build and manage the delivery of the degree program. UACS will maintain control over all academic aspects of the program. The UA System eVersity will provide technical and back-office support for the program. The program development and ongoing support will be funded from student tuition.

The program will be powered by the University of Arkansas System eVersity which is the UA System’s 100% online university. As a fully online institution, eVersity maintains robust technology. The Learning Management System is provided by Blackboard which is the industry leader. The Blackboard instance is managed in a hosted environment and supported by redundant Blackboard hosting sites. The contract requires less than 5% downtime. Technical help is provided 24/7 by Blackboard which provides both self-service tools and live support. The student information system is managed by Ellucian and is also a hosted solution. All technology providers provide and implement regular updates and patches as part of the existing service agreements.

Student records are maintained in both the learning management system (Blackboard) and the student information system (Ellucian/Banner). Both companies meet industry standards to insure the protection of student data and they have stipulated they will adhere to all FERPA requirements. All employees that have access to student data are required to sign statements indicating they will adhere to FERPA requirements. The IT department and the Office of Records regularly monitor business practices and report any data breaches or security concerns.

9. IDENTIFY MODE OF DISTANCE DELIVERY OR THE OFF-CAMPUS LOCATION FOR THE PROPOSED PROGRAM.

The Clinton School has an online classroom in its existing campus in the River Market in Little Rock. This classroom was designed and built to deliver distance education courses.

10. LIST INSTITUTIONS OFFERING SIMILAR PROGRAM AND IDENTIFY THE INSTITUTION(S) USED AS A MODEL TO DEVELOP THE PROPOSED PROGRAM.

The Executive Master of Public Service is modeled on the existing MPS degree offered by the Clinton School of Public Service. The MPS was the first graduate program in public service and has served as a model for other programs nationally and internationally.

11. PROVIDE SCHEDULED PROGRAM REVIEW DATE (WITHIN 10 YEARS OF PROGRAM IMPLEMENTATION).

Expected implementation date: July 2017
Program review date: June 30, 2026

Item 25: Consideration of Request for Approval of Extracurricular Camps for 2016/17, UALR (Action)

CONSIDERATION OF REQUEST FOR APPROVAL OF EXTRACURRICULAR CAMPS FOR 2016/17, UALR (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Extracurricular camps are conducted on the various campuses of the University primarily during the summer months and holiday breaks. Authorization of use of University facilities for these camps by University employees for private compensation is permitted by State statute and Board policy. In addition, some camps may be conducted on University campuses by the University itself rather than by University employees for private compensation. In such cases, these camps may be approved by the Chancellor under campus policies. Since all camps have in the past been approved by the Board, certain camps which are not for private compensation may be included in the attached listing of extracurricular camps.

Also, the resolution approving the camps includes language concerning the need for policies and training in reporting suspected child maltreatment and conduct of background checks for personnel associated with the camps.

A resolution is attached for your consideration. I recommend its approval.

Sincerely,

[Signature]

Donald R. Bobbitt
President

RESOLUTION

WHEREAS, the activities involved in the proposed extracurricular camps at the various campuses of the University of Arkansas present no conflict of interest with the mission and purpose of the institution; and

WHEREAS, the activities proposed will bring to each campus a significant number of potential students who might enroll on a particular campus as a result of their exposure to its facilities and its personnel while engaged in these activities; and

WHEREAS, the contemplated activities will generate funds to be paid to the University for housing and meals and for the use of other institutional facilities which will be used to help support the auxiliary functions of the campuses serving to enroll students;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board hereby grants permission for the extracurricular camps set out below to be conducted during 2016-17 and approves the fees as shown.

BE IT FURTHER RESOLVED THAT the campus whose employees are conducting the aforesaid camps shall make certain that policies and contractual provisions are in place to assure that all applicable laws and regulations dealing with mandatory reporting of suspected child maltreatment are followed, that appropriate staffing patterns are utilized, that personnel involved in the conduct of such camps receive instruction in applicable policies, procedures, laws and regulations regarding protection of children, and further that campus officials shall assure that persons involved in the conduct of such camps have undergone criminal background checks (including registered sex offender checks). The President may furnish guidelines for matters to be included in such policies and contractual provisions.

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Act 226 of 2013 provides that a person licensed to carry a concealed handgun may do so at a public university, college or community college if such person is a staff member of the public institution unless the governing board of the institution adopts a policy expressly disallowing the carrying of a concealed handgun by staff members in the buildings or on the grounds of the public university, college or community college and posts notices at each entrance to the institution as required by the statute.

Subsequent to the passage of Act 226, the Chancellors and a number of faculty and staff at the University of Arkansas System institutions, including campus public safety officers, expressed the opinion that the Board should adopt a policy expressly disallowing the carrying of a concealed handgun by staff members in the buildings or on the grounds of the University and to post the required notices. At that time and since then, I have discussed Act 226 with the Chancellors and again recommend to the Board adoption of the attached resolution. Act 226 requires that a resolution be adopted each year. I recommend its approval.

Sincerely,

Donald R. Bobbitt
President

May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

As you are aware from the March Trustee meeting, the Office of the General Counsel is systematically reviewing the University’s policies. That review indicated the need for minor revisions to Board Policy 705.1, Use of University Facilities, as shown on the attached proposed resolution. I recommend approval.

Sincerely,

Donald R. Bobbitt

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS
THAT Board Policy 705.1, Use of University Facilities, is hereby revised as follows:

BOARD POLICY

USE OF UNIVERSITY FACILITIES

University facilities, grounds and other resources (collectively “facilities”) exist for the primary purpose of serving a planned and scheduled program of educational activity. At times when not required in the regularly planned educational program, University facilities may be made available for extra-curricular use to colleges, departments, and other organizational units of the University; to organizations composed exclusively of faculty and staff; to organizations which exist solely for the benefit of the University; and to recognized student organizations with the approval of the faculty advisor.

University facilities under the law cannot be made available to other organizations for their own purposes. However, when a facility is in use neither for a regularly scheduled educational activity nor for an extra-curricular use by one of the University organizations listed above, the President or Chancellor or chief executive officer for each campus, division or unit is authorized to approve the use of the facility when such use serves the educational objectives of the University. It is an objective of the University to provide opportunities for University and broader communities to see and hear major leaders from throughout the state, nation, and world. Speeches and debates by or on behalf of candidates for major state or national offices may be scheduled in University facilities under arrangements which allow reasonable opportunities for opposing candidates or points of view. It must be made clear that the University neither supports nor opposes the views stated by and/or the candidacy of such individuals.

CONSIDERATION OF REQUEST FOR APPROVAL OF REVISION TO BOARD POLICY 425.5, RETIREMENT PROGRAM, ALL CAMPUSES AND UNITS (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

In January of 2013, the University began an in-depth analysis of its Retirement Plan. With the President’s approval, a Retirement Advisory Committee was formed with campus representation, and the Committee engaged external consultants with specific retirement plan expertise to help guide the Committee. The first step was an in-depth analysis of UA employees retirement readiness in order to assess the need for changes in plan design. That study revealed that close to 25% of UA employees contributed 0% to their retirement accounts. The Committee proposed a new plan design and in November of 2015 this Board approved a change to the Retirement Board Policy with a new requirement for employees to contribute. The required contribution will start at 1% on July 1, 2016 and will increase by 1% per year up to a maximum requirement of 5% by 2020. The second step for this Committee is the assessment and benchmarking of vendor fees in accordance with Department of Labor guidance. Fees have a material impact on account balances at retirement. Fees will be monitored on an ongoing periodic basis and upon plan design changes which justify further fee reductions.

Now the Board is being asked to approve additional changes to the Retirement Board Policy. Each of these initiatives is being proposed to reduce vendor fees, improve retirement savings for employees or to reduce employer costs. Each is described more fully below:

APERS (Arkansas Public Employee Retirement System):
The attached resolution includes language that would eliminate APERS as a Retirement Plan option for new employees after June 30, 2016. This change would have no impact upon current employees who are participating in APERS on and before June 30, 2016. There are several reasons supporting this change:

- The Governmental Accounting Standards Board (GASB) changed their reporting standards for the treatment of defined benefit retirement plans (pension plans) and this change had a material impact on the University’s financial statements. Effective for the financial statements for June 30, 2015 the University was required to reduce its Net Position in order to recognize the University’s proportionate share of the net pension liability associated with APERS and ATRS (Arkansas Teachers Retirement System) and the ending balance in the Liability for Pensions was $32,204,554. In total, UA campuses have fewer than 5% enrollment in APERS (95% are in the
Board of Trustees  
Letter Regarding BP 425.5 Proposed Revisions  
Page 2  
May 16, 2016

University Retirement Plan) even with this low enrollment, the impact on the Statement of Net Positions is material. While ending new APERS enrollments will not result in immediate reduction in the liability, it will over time reduce the liability.

- APERS Board establishes the required employer contribution for all participating employers each year. It has been 14.5% since July 2015 but is subject to being increased in response to the impact of falling investment returns on the unfunded liability. In 2010 it was 11% and it is reasonable to anticipate that this required contribution will continue an upward trend over time. The maximum employer contribution under current UA Board policy for the UA Retirement Plan is 10%, creating a significant difference in contributions for employees.

- The Board of Trustees took the important step with its approval of a required employee contribution of 1% this year, which will grow by 1% each year until it reaches a maximum required contribution of 5% in 2020. This required employee contribution of 5% plus the University’s base contribution of 5% will provide a minimum total contribution of 10% which most retirement advisors believe will result in adequate retirement savings over the course of a working career.

Plan Consolidation:  
Given the history of growth in the UA System with the addition of campuses over a period of time, various separate plans have been maintained. Currently, the University has three plans: UA Retirement Plan; UA Fort Smith Retirement Plan and UA Community Colleges Retirement Plan. In an effort to further reduce complexity (resulting in lower fees), we are now recommending consolidation of the three plans into a single retirement plan.

The University of Arkansas at Fort Smith is continuing efforts to bring their employer and employee contribution formula in line with the other UA four year institutions. This process began with a change in January 2014 at which time a matching component was introduced to the employer contribution to retirement for UAFS employees. Now the campus is requesting approval for a final change which would make their contribution formula identical to the UA Retirement Plan. This final change would be implemented over a five year time line and will result in an employer base contribution of 5% and matching contribution starting at 6%, going up to a maximum of 10%, as illustrated on Exhibit A1 in the attached proposed Board Policy.

Service Providers and Investment Fund Line Up:  
The Retirement Advisory Committee, working with counsel and the consultants, will now address the specific investment funds offered, focusing on reducing the very large number of funds which evidence shows reduces participant engagement and also focusing on fees.
charged by fund management. The purpose of this analysis is to meet the University’s fiduciary responsibility by identifying best in class mutual funds (consistent returns and low fees) with adequate choices in each asset class. The plan currently offers more than 300 fund choices presenting an overwhelming selection challenge to many employees at enrollment. Following established retirement plan best practices, the Committee will begin to narrow these choices through a tiering approach – thereby minimizing the long list of fund options. This last change in Board Policy will authorize the Retirement Advisory Committee to take the following next steps:

- Establish an Investment Policy to guide the selection of funds to be offered within the plan;
- Select, monitor and revise the retirement fund line-up consistent with the Investment Policy; and
- Review and benchmark investment management fees of funds offered in the lineup.

In addition, the Retirement Advisory Committee will evaluate the plans’ recordkeepers, focusing on specific services provided and fees charged for those services.

Vice President for Administration Ann Kemp will be available at the Board meeting to answer any questions you may have. I recommend approval of the proposed resolution.

Sincerely,

Donald R. Bobbitt
President

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT Board Policy 425.5 is hereby revised in its entirety as follows:

BOARD POLICY

UNIVERSITY OF ARKANSAS RETIREMENT PROGRAM

Effective July 1, 2016, the University of Arkansas Retirement Program is revised according to the attached resolution.

RESOLUTION

1. Establishment of Plan. This Retirement Resolution sets forth the provisions of the retirement plans for the University of Arkansas campuses established by the Board of Trustees of the University of Arkansas (the “University”), as of April 21, 1923, as amended and restated in its entirety effective July 1, 2016. There shall be one plan—the University of Arkansas Retirement Plan as described in section 2. The University of Arkansas Community Colleges Retirement Plan and the University of Arkansas at Fort Smith Retirement Plan are being combined into the University of Arkansas Retirement Plan, effective July 1, 2016. Contributions under the Plan shall be made pursuant to a 403(b) plan and 457(b) plan to investments selected by participants pursuant to Section 5. References to the “Retirement Plan” in these resolutions shall refer to the 403(b) Plan and 457(b) Plan. The President shall adopt Retirement Plan documents which are consistent with this Board Policy.

A. All of the campuses, divisions, units and entities of the University of Arkansas (collectively, “UAS”) shall be included in the University of Arkansas Retirement Plan (“RP”).

Effective July 1, 2016, new eligible employees of the UAS shall participate in the RP. The University shall also contribute to Social Security unless the employee is exempt.

B. Notwithstanding paragraph A. above, for those employees of the UAS as of July 1, 2011 enrolled in the Arkansas Teachers Retirement System (ATRS) before July 1, 2011, participation shall continue. No new employees shall be enrolled in ATRS on or after July 1, 2011. Also notwithstanding paragraph A. above, for those employees of the UAS as of July 1, 2016 and enrolled in the Arkansas Public Employee Retirement System (APERS) before July 1, 2016, participation shall continue. No new employees shall be enrolled in APERS on or after July 1, 2016. The President may provide for exceptions permitting new employees to enroll in APERS for negotiations pending for faculty or administration employees as of July 1, 2016 and
who are hired by September 1, 2016. If an employee was previously employed prior to one of the effective dates above and was participating in ATRS or APERS, as applicable, and is reemployed by one of the above campuses on or after July 1, 2016, such employee shall participate in the RP.

C. Employees of University of Arkansas at Monticello who were employees of Great Rivers Vocational and Technical Institute and Forest Echoes Technical Institute as of June 30, 2003, were given the option within 31 days of becoming employees of UAM of continuing participation in the State Board of Workforce Education and Career Opportunities (formerly State Board of Vocational Education) Alternate Retirement Plan pursuant to ACA section 24-7-901 et.seq., based on the contribution percentages in effect at such time, or participating in the University of Arkansas Optional Retirement Plan. Employees who pursuant to such election continued to participate in State Board of Workforce Education and Career Opportunities Alternate Retirement Plan may continue to participate in such plan.

D. Certain employees of University of Arkansas-Cooperative Extension participate in the Federal Civil Service Retirement Plan, and may participate in RP at a reduced employer contribution. Further certain other employees of University of Arkansas-Cooperative Extension participate in the Federal Employees Retirement System and may participate in the Federal Thrift Savings Plan, but do not participate in employer contributions under RP. New Cooperative Extension employees are not eligible for the federal plans, and have the same retirement options as employees of other campuses.

3. **Eligibility for Employer Contributions.** Full-time employees are eligible to participate in Employer contributions under the Retirement Plan, ATRS (if grandfathered as provided above) or APERS (if grandfathered as provided above). However, employees who are seasonal, extra help, temporary and employees whose employment is incidental to their educational program (including, but not limited to student workers, graduate assistants, and residents) at the University are not eligible for employer contributions. For purposes of the plans, “full-time employee” shall mean an employee who is on one-half time or greater appointment.

4. **Required Employee Contributions and Employer Contributions.**

A. Effective July 1, 2016 and later, eligible Employees shall be required to make employee contributions to the RP, as a condition of employment, the employee contributions as a percentage of Plan Compensation shown on Exhibits A and A-1 attached. Required employee contributions will begin as of date of employment.

In addition to the mandatory required employee contributions provided above, eligible employees may make voluntary Plan Contributions in any amount, subject to the contribution limitations of the Internal Revenue Code.
B. Employer contributions to RP for eligible employees will begin to accrue as of date of employment. The University employer contribution will be as shown on Exhibits A and A-1 attached.

Plan Compensation shall be defined as provided in the 403(b) Plan documents.

C. Employee required contributions shall be made to the 403(b) Plan. Employee elective contributions by a participant will be made first to a 403(b) program and then may be made to a 457(b) program, if elected by the participant. University contributions will be made to the 403(b) contract or account.

5. Funding Sponsors/Investments. The President shall appoint a Retirement Committee with input from the Chancellors. The Retirement Committee, with advice from the investment consultant retained by the University, shall be responsible for selection of the investment alternatives and retirement recordkeepers for the RP. The investment alternatives and recordkeepers for various campuses may be different, considering the historical funding sponsors for each campus. A participant may select from among the investment alternatives available for Participants at such campus. The Retirement Committee shall establish procedures for selection of investment alternatives in the event a participant fails to select investment alternatives. No investment alternatives other than those selected by the Retirement Committee are authorized.

A. Employees hired after June 30, 2016 or who first become eligible for employer contributions after June 30, 2016 shall be fully vested upon completion of two (2) years of service. If such an employee terminates before completion of two years of service, the accumulations attributable to Employer contributions in the Plans shall be forfeited. Employees shall be 100% vested upon attainment of age 65, death or disability while employed.

B. Employees hired prior to July 1, 2016, shall be vested in accordance with the vesting schedule in effect for such employees under the Board policies in effect prior to July 1, 2016.

C. Participants terminating prior to July 1, 2016 shall be vested in accordance with the Board policies in effect prior to July 1, 2016.

D. The President shall provide in the plan documents rules concerning breaks in service for vesting purposes. Further, the President may provide for exceptions to the vesting rules in this paragraph for negotiations pending for faculty or administration employees as of July 1, 2016.

E. All employee contributions to either the 403(b) plan or 457(b) plan are 100% vested.
7. **Distributions.** Plan provisions concerning distributions shall be as outlined in the separate 403(b) Plan documents and 457(b) Plan documents.

8. **Spendthrift Clause.** No participant in any of the Retirement Plans shall have any right to assign, pledge, encumber, or commute his/her interest in any benefits under the Retirement Plan, either voluntarily or involuntarily (except for a participant loan as permitted under the plans), and such benefits shall not in any way be subject to any legal process or levy of execution upon, or attachment or garnishment proceedings against, the same for the payment of any claim against any such person.

9. **Amendment.** The Board may amend these policies at any time. The President of the University or his delegate may amend any provision of either 403(b) Plan or 457(b) Plan not in conflict with these Board policies.

10. **Termination.** While it is expected that the retirement plans will continue indefinitely, the Board of Trustees reserves the right to discontinue the Retirement Plans at any time. Any termination cannot adversely affect the benefits accrued by participants prior to the date of discontinuance or modification.

11. **Administration.** The President of the University or the Retirement Committee named pursuant to section 5 may adopt rules and regulations for interpreting the Retirement Plans and for administering its provisions (including rules and regulations concerning funding sponsors) in a manner consistent with this Board Policy.

UNIVERSITY OF ARKANSAS RETIREMENT PROGRAM

Effective July 1, 2016, the University of Arkansas Retirement Program is revised according to the attached resolution.

RESOLUTION

1. Establishment of Plan. This Retirement Resolution sets forth the provisions of the retirement plans for the University of Arkansas campuses established by the Board of Trustees of the University of Arkansas (the "University"), as of April 21, 1923, as amended and restated in its entirety effective July 1, 2016. There shall be three plans—the University of Arkansas Retirement Plan as described in section 2, the University of Arkansas Community Colleges Retirement Plan as described in section 3, and the University of Arkansas at Fort Smith Retirement Plan as described in Section 4. Contributions under each Plan shall be made pursuant to a 403(b) plan and 457(b) plan to funding sponsors approved under Section 7. References to the “Retirement Plans” in these resolutions shall refer to both 403(b) Plans and both 457(b) Plans. The President shall adopt Retirement Plan documents which are consistent with this Board Policy.

A. The following campuses shall be included in the University of Arkansas Retirement Plan (“RP”):

- University of Arkansas-Fayetteville (including System Administration, Agricultural Experiment Station, Criminal Justice Institute, Arkansas Archaeological Survey and Clinton School of Public Service)
- University of Arkansas for Medical Sciences
- University of Arkansas at Little Rock
- University of Arkansas at Monticello
- University of Arkansas at Pine Bluff
- University of Arkansas-Cooperative Extension
- Arkansas School for Math, Sciences and the Arts

For such campuses, the University is authorized to make Contributions to RP or the Arkansas Public Employee Retirement System (APERS). The University shall also contribute to Social Security unless the employee is exempt. Each newly eligible employee of such campuses shall be provided written notice of the right to participate in the above plans. Each eligible employee shall have 31 days from the date the employee begins employment to elect which plan in which such employee will participate. If an eligible employee does not make an election within such 31-day period, the employee will be deemed to have elected to participate in the RP, and shall be enrolled in the RP. Once the 31-day period expires, such election shall be irrevocable.
B. Notwithstanding paragraph A. above, for those employees of such campuses enrolled in the Arkansas Teachers Retirement System (ATRS) before July 1, 2011, participation shall continue. No new employees shall be enrolled in ATRS on or after July 1, 2011.

C. Employees of University of Arkansas at Monticello who were employees of Great Rivers Vocational and Technical Institute and Forest Echoes Technical Institute as of June 30, 2003, were given the option within 31 days of becoming employees of UAM of continuing participation in the State Board of Workforce Education and Career Opportunities (formerly State Board of Vocational Education) Alternate Retirement Plan pursuant to ACA section 24-7-901 et.seq., based on the contribution percentages in effect at such time, or participating in the University of Arkansas Optional Retirement Plan. Employees who pursuant to such election continued to participate in State Board of Workforce Education and Career Opportunities Alternate Retirement Plan may continue to participate in such plan.

D. Certain employees of University of Arkansas-Cooperative Extension participate in the Federal Civil Service Retirement Plan, and may participate in RP at a reduced employer contribution. Further certain other employees of University of Arkansas-Cooperative Extension participate in the Federal Employees Retirement System and may participate in the Federal Thrift Savings Plan, but do not participate in employer contributions under RP. New Cooperative Extension employees are not eligible for the federal plans, and have the same retirement options as employees of other campuses.

3. **Available Plans- Community Colleges.**

The following campuses shall be included in the University of Arkansas Community Colleges Retirement Plan ("Community Colleges Plan"):

- University of Arkansas Community College at Batesville
- University of Arkansas Community College at Morrilton
- University of Arkansas Community College at Hope
- Cossatot Community College of the University of Arkansas
- Phillips Community College of the University of Arkansas

For such campuses, the University is authorized to make Contributions to the Community Colleges Plan or the Arkansas Public Employee Retirement System (APERS). The University shall also contribute to Social Security unless the employee is exempt. Each newly eligible employee of such Community Colleges shall be provided written notice of the right to participate in the above plans. Each eligible employee shall have 31 days from the date the employee begins employment to elect which plan in which such employee will participate. If an eligible employee does not make an election within such 31-day period, the employee will be deemed to have elected to participate in the Community Colleges Plan, and shall be enrolled in the Community Colleges Plan. Once the 31-day period expires, such election shall be irrevocable. Notwithstanding the preceding, for those employees of such campuses enrolled in the Arkansas Teachers
Retirement System (ATRS) before July 1, 2011, participation shall continue. No new employees shall be enrolled in ATRS on or after July 1, 2011.

The University of Arkansas at Fort Smith shall be included in the University of Arkansas at Fort Smith Retirement Plan ("UAFS Plan").

A. For UAFS, the University is authorized to make Contributions to the UAFS Plan or the Arkansas Public Employee Retirement System (APERS). The University shall also contribute to Social Security unless the employee is exempt. Each newly eligible employee at UAFS shall be provided written notice of the right to participate in the above plans. Each eligible employee shall have 31 days from the date the employee begins employment to elect which plan in which such employee will participate. If an eligible employee does not make an election within such 31-day period, the employee will be deemed to have elected to participate in the RP, and shall be enrolled in the RP. Once the 31-day period expires, such election shall be irrevocable.

B. Notwithstanding paragraph A above, for those employees of UAFS enrolled in the Arkansas Teachers Retirement System (ATRS) as of July 1, 2011, participation shall continue. No new employees shall be enrolled in ATRS on or after July 1, 2011.

5. Eligibility for Employer Contributions.

A. **RP.** Full-time employees at the campuses described in section 2A above are eligible to participate in Employer contributions under the RP or APERS, as elected in section 2A. However, employees who are seasonal, extra help, temporary and employees whose employment is incidental to their educational program (including, but not limited to student workers, graduate assistants, and residents) at the University are not eligible. For purposes of the Plan, “full-time employee” shall mean an employee who is on one-half time or greater appointment. An Employee who is eligible for Employer contributions shall be provided the opportunity to elect between the RP and APERS, as set forth above.

B. **Community College Plan.** Full-time employees at the Community Colleges are eligible to participate in Employer contributions under the Community Colleges Plan or APERS as provided in section 3. However, employees who are seasonal, extra help, temporary and employees whose employment is incidental to their educational program are not eligible. For purposes of the Plan, “full-time employee” shall mean an employee who is on one-half time or greater appointment. An Employee who is eligible for Employer contributions shall be provided the opportunity to elect between the Community Colleges Plan and APERS, as set forth above.

C. **UAFS Plan.** Full-time employees at UAFS are eligible to participate in Employer contributions under the UAFS Plan or APERS, as provided in section 4. However, employees who are seasonal, extra help, temporary and employees whose employment is incidental to their educational program (including, but not limited to, student workers and
graduate assistants) are not eligible. For purposes of the Plan, “full-time employee” shall mean an employee who is on one-half time or greater appointment. An Employee who is eligible for Employer contributions shall be provided the opportunity to elect between the UAFS Plan and APERS, as set forth above.

6. **Required Employee Contributions and Employer Contributions**

   **A. RP.** Effective July 1, 2016 and later, eligible Employees shall be required to make employee contributions to the RP, as a condition of employment, the following employee contributions as a percentage of Plan Compensation:

   **C. UAFS Plan.** Employer contributions to UAFS Plan for eligible employees will begin to accrue as of date of employment. The University will make an employer contribution equal to the following of percentage of Plan Compensation, as defined in the UAFS Plan document, for all eligible employees:
Plan Contributions by a participant will be made first to a 403(b) program and then may be made to a 457(b) program, if elected by the participant. University contributions will be made to the 403(b) contract or account.

7. Funding Sponsors.

A. Alternative Funding Sponsors-RP. The Plan has been funded through TIAA and/or CREF annuity contracts since April 21, 1923. A participant may select either TIAA-CREF or Fidelity Investments as a funding sponsor. Contributions to Fidelity Investments shall be applied either to individual or group annuities issued under a Metropolitan Life Guaranteed Account and/or one or more mutual funds held in a custodial account at Fidelity Investments. Contributions to TIAA-CREF shall be applied either to individual or group annuities issued by TIAA CREF or any mutual funds held in a custodial account at TIAA CREF. No other alternative funding sponsors are authorized. The President shall establish procedures for selection of a funding sponsor in the event a participant fails to select a funding sponsor.

B. Alternative Funding Sponsors-Community College Plan. Alternative Funding Sponsors for campuses included in the Community Colleges Plan shall be as set forth on Exhibit A attached hereto.

C. Alternative Funding Sponsors-UAFS. TIAA-CREF is the only authorized funding sponsor at UAFA.

8. Vesting.

A. Vesting in the RP shall be as follows:

(1) Employees hired after June 30, 2016 shall be fully vested upon completion of two (2) years of service. If such an employee terminates before completion of two years of service, the accumulations attributable to Employer contributions in the RP shall be forfeited. Employees shall be 100% vested upon attainment of age 65, death or disability while employed.

(2) Employees hired prior to July 1, 2016 shall be vested in accordance with the vesting schedule in effect for such employees under the Board policies in effect prior to July 1, 2016.
(3) An employee shall be 100% vested in his account in the event of death, disability or attainment of age 65 while employed with the University.

(4) Participants terminating prior to July 1, 2016 shall be vested in accordance with the Board policies in effect prior to July 1, 2016.

(5) The President shall provide in the plan document rules concerning breaks in service for vesting purposes. Further, the President may provide for exceptions to the vesting rules in this paragraph for negotiations pending for faculty or administration employees as of July 1, 2016.

B. Vesting for campuses included in the Community Colleges Plan shall be as follows:

(1) Employees hired after June 30, 2016 shall be fully vested upon completion of two years of service. If such an employee terminates before completion of two years of service, the accumulations attributable to Employer contributions in the Plan shall be forfeited. Employees shall be 100% vested upon attainment of age 65, death or disability while employed.

(2) Employees hired before July 1, 2016 will be vested in accordance with the Board policies in effect prior to July 1, 2016.

(3) An employee shall be 100% vested in his account in the event of death, disability or attainment of age 65 while employed with the University.

(4) Participants terminating prior to July 1, 2016 shall be vested in accordance with the Board policies in effect prior to July 1, 2016.

(5) The President shall provide in the plan document rules concerning breaks in service for vesting purposes. Further, the President may provide for exceptions to the vesting rules in this paragraph for negotiations pending for faculty or administration employees as of July 1, 2016.

C. Vesting in the UAFS Plan shall be as follows:

(1) Employees hired after June 30, 2016 shall be fully vested upon completion of two years of service. If such an employee terminates before completion of two years of service, the accumulations attributable to Employer contributions in the UAFS Plan shall be forfeited. Employees shall be 100% vested upon attainment of age 65, death or disability while employed.

(2) Employees hired before July 1, 2016 will be vested in accordance with the Board policies in effect prior to July 1, 2016.

(3) An employee shall be 100% vested in his account in the event of death, disability or attainment of age 65 while employed with the University.
(4) Participants terminating prior to July 1, 2016 shall be vested in accordance with the Board policies in effect prior to July 1, 2016.

(5) The President shall provide in the plan document rules concerning breaks in service for vesting purposes. Further, the President may provide for exceptions to the vesting rules in this paragraph for negotiations pending for faculty or administration employees as of July 1, 2016.

D. All employee contributions to either the 403(b) plan or 457(b) plan are 100% vested.

9. **Distributions.** Plan provisions concerning distributions shall be as outlined in the separate 403(b) Plan documents and 457(b) Plan documents.

10. **Spendthrift Clause.** No participant in any of the Retirement Plans shall have any right to assign, pledge, encumber, or commute his/her interest in any benefits under the Retirement Plan, either voluntarily or involuntarily (except for a participant loan as permitted under the plans), and such benefits shall not in any way be subject to any legal process or levy of execution upon, or attachment or garnishment proceedings against, the same for the payment of any claim against any such person.

11. **Amendment.** The Board may amend these policies at any time. The President of the University or his delegate may amend any provision of either 403(b) Plan or 457(b) Plan not in conflict with these Board policies.

12. **Termination.** While it is expected that the retirement plans will continue indefinitely, the Board of Trustees reserves the right to discontinue the Retirement Plans at any time. Any termination cannot adversely affect the benefits accrued by participants prior to the date of discontinuance or modification.

13. **Administration.** The President of the University or his/her delegate may adopt rules and regulations for interpreting the Retirement Plans and for administering its provisions (including rules and regulations concerning funding sponsors) in a manner consistent with this Board Policy.

Item 30: Approval to Establish a Special Appropriation Line Item for Each of the University of Arkansas Campuses to be Used in the Acquisition of Promotional Items, All Campuses (Action)

APPROVAL TO ESTABLISH A SPECIAL APPROPRIATION LINE ITEM FOR EACH OF THE UNIVERSITY OF ARKANSAS CAMPUSES TO BE USED IN THE ACQUISITION OF PROMOTIONAL ITEMS, ALL CAMPUSES (ACTION)
May 16, 2016

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

The Chief Fiscal Officer of the State is authorized by A.C.A. §6-63-304 to establish a special appropriation line item for an institution of higher education to be used in the acquisition of promotional items by the institution. Before the line item authorizing expenditures for promotional items can be established, the Board of Trustees of the institution must approve the request and establish an amount to be transferred for each institution. The approval by the Board of Trustees is then forwarded to the Chief Fiscal Officer of the state for processing. The amount of the spending authorization for promotional items is transferred from the appropriation line item for operating expenses to the appropriation line item for promotional items for each institution.

Attached for your consideration is a resolution to request that the Chief Fiscal Officer of the state establish, for the purchase of promotional items, an appropriation line item for each of the campuses of the University of Arkansas. I have reviewed the requests and concur in the amounts listed for each campus.

Sincerely,

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the University of Arkansas at Little Rock’s Institute on Race and Ethnicity is hereby renamed the “Joel E. Anderson Institute on Race and Ethnicity” in honor of Dr. Anderson’s commitment to issues of racial and ethnic justice.
Dr. Donald R. Bobbitt  
President’s Office  
University of Arkansas System Administration  
2404 North University Avenue  
Little Rock, Arkansas 72207  

April 18, 2016

Dear Dr. Donald R. Bobbitt,

I am writing as director of the UALR Institute on Race and Ethnicity to request that the Institute be renamed the Joel E. Anderson Institute on Race and Ethnicity. Dr. Anderson was instrumental in the founding of the Institute in 2011 and his thirteen-year tenure as UALR Chancellor has been marked by a commitment to issues of racial and ethnic justice. I can think of no more fitting honor upon Dr. Anderson’s coming retirement than to rename the Institute to recognize his leadership in the area. I have spoken to Dr. Anderson and he is thrilled at the prospect of the renaming; I have spoken to the Institute’s Advisory Council of leading community members (full list of members enclosed) and they unanimously agree; and I have spoken with key campus and community leaders and they also fully support the idea.

In this letter, please permit me to elucidate further on the case for renaming the Institute after Dr. Joel E. Anderson. Growing up in Swifton, Arkansas during the period of segregation, Dr. Anderson entered Harding University and was challenged by several enlightened faculty to question the racial mores of the society in which he had been raised. From his sophomore year in college he began a journey that he continues today—a journey dedicated to making a difference in race relations in Arkansas and beyond. This journey took many paths to understanding and growth, including a tumultuous trip to Oxford, Mississippi in 1962 where he bore witness to the entry of the first black student, James Meredith, into the University of Mississippi. His intimate involvement in this historical event strengthened his resolve that he would seek to support understanding and justice in all matters related to race relations. The conviction that racial and ethnic problems are at the core of the challenges faced by our state, region and nation has shaped Dr. Anderson’s life and professional career ever since.

As Dean of the Graduate School at UALR, Dr. Anderson understood the need to increase the enrollment of African Americans in graduate studies. He successfully sought and was awarded a federal grant through the Minority Incentive Program to support minorities entering UALR. He actively encouraged departments in the university to recruit minority faculty and came to the understanding that the best way to increase the number of minority faculty at UALR was to grow the faculty from within. Dr. Anderson initiated a program where a department could sponsor minority faculty members to attend a recognized national doctoral program while still drawing a salary from UALR. The faculty member was guaranteed a tenure-track position at UALR upon earning a doctoral degree. This program succeeded with, for example, Dr. David Biscoe earning a position in the Department of Sociology and Dr. Cynthia Taylor
earning a position in the Department of Accounting. Some half-dozen faculty followed in their footsteps so that now African American students can experience reinforcing faculty role models on campus. This program echoed initiatives by the Southern Regional Education Board throughout universities in the South and stands today as fitting legacy of the commitment of Dr. Anderson to addressing racial issues in the academy.

At the very beginning of his tenure as UALR Chancellor, Dr. Anderson understood the need to back up moral and ethical calls for racial change with academic research and hard data. In keeping with this, he launched an annual survey on Racial Attitudes in Pulaski County that samples racial attitudes on particular themes each year, as well as containing a section of recurrent questions to chart changing attitudes over time. Now in its thirteenth year, the Racial Attitudes survey and the conference and panel discussion that accompanies its release has become a vital and much-anticipated date in the campus and community calendar. The audience it attracts to campus and the media coverage and attention it receives is testimony to how important this initiative remains. Beyond campus, Little Rock, and Arkansas, the survey data is regularly downloaded by interested parties nationwide from an archive on the Institute’s website, an indication that the data is being used by and engaging others in the national conversation on race.

Another major initiative by Dr. Anderson began in 2007 when he met weekly with a number of faculty and staff from across campus who were interested in discussing and taking action on race relations at UALR and in the wider community. These were all faculty and staff who willingly volunteered their time and the forum has remained open and welcoming to anyone from the campus or community who wishes to join the group. Out of these meetings of what became known as the Chancellor’s Committee on Race and Ethnicity came visits to and discussions with other campuses that shared similar commitments and initiatives on issues of race and ethnicity, most notably the William Winter Institute for Racial Reconciliation at the University of Mississippi and the Hubert Humphrey School of Public Affairs at the University of Minnesota. One outcome of these visits and discussions was a conference involving a number of community leaders that was held at Petit Jean Mountain resulting in the creation and launch of UALR’s Institute on Race and Ethnicity in July 2011.

My own appointment as George W. Donaghey Distinguished Professor of History and department chair in July 2010 is further evidence of Dr. Anderson’s commitment to making UALR a center of excellence for issues of race and ethnicity. Dr. Anderson made strenuous and persistent efforts to recruit me from a full professorship at the University of London and persuaded me to ply my trade as a leading international scholar of civil rights history and the world’s foremost authority on the civil rights movement in Arkansas at UALR. I have been delighted at my decision to make the move and I have relished the opportunity to use my scholarly work to engage the local and statewide community in often hitherto overlooked or totally ignored stories and legacies of the civil rights movement in the state. This has included, with the Chancellor’s unswerving support and sponsorship, a regular series of radio segments on UALR’s Public Radio station KUAR titled “Arkansas Moments” that communicates the history of civil rights and race relations to a wide public audience. The program has received an overwhelmingly enthusiastic public response and has become a fixture in the station’s scheduling. It is still going strong five years after it began. The program has been supplemented by my numerous writings in local newspapers, magazines
and journals, television and radio interviews, and invited conference and community talks, all of which have considerably raised community awareness about issues of race and ethnicity.

It has been my pleasure to watch the Institute grow and flourish alongside my own career at UALR and it was an honor to be appointed Institute director in August 2015. I have been deeply involved with the Institute since its launch on July 10, 2011, when it drew on my research to hold a commemoration of the fiftieth anniversary of the Freedom Riders coming to Little Rock to desegregate the facilities at the downtown Trailways bus terminal. A conference to mark the Freedom Rides and Sit-Ins brought former participants in those initiatives back to the state from around the world from as far away as Hungary and Nigeria. An enthusiastic audience of over five hundred people listened to a dozen activists explain their involvement in and engagement with the pursuit of racial and ethnic justice in Arkansas. The conference was broadcast on C-SPAN. The day also saw the launch of the Arkansas Civil Rights Heritage Trail to acknowledge the sacrifices and achievements made by those who have fought for racial justice in the state. Now in its fifth year, the trail recently won the Arkansas Historical Association’s top award, a Diamond Award, for projects of outstanding and sustained engagement with public history.

Dr. Anderson’s 45 years at UALR, with some 39 of those years spent in various leadership positions, has allowed the young man from Swifton to live out his commitment to see UALR achieve a pivotal role in pursuing racial and ethnic justice in Arkansas. I can think of no more fitting and rightful tribute to this distinguished career than for the Institute to be renamed the Joel E. Anderson Institute on Race and Ethnicity.

Yours sincerely,
